I. Quality Improvement Program

The Mendocino County Behavioral Health and Recovery Services (MCBHRS) Quality Improvement (QI) Program is responsible for providing support services to the Mental Health Plan (MHP), Substance Use Disorder Treatment (SUDT) program, beneficiaries, and family members. The QI Program is accountable to the Mental Health Director, Mental Health Board, Health and Human Services Agency Director, and Board of Supervisors.

The goal of the QI Program is to improve access to and delivery of mental health and substance abuse treatment services, while assuring that services are community based, beneficiary directed age appropriate, culturally competent, and process and outcome focused. The QI Program monitors, evaluates, and works to improve client's access to services and the quality of services. The program coordinates with performance monitoring activities throughout the MHP and SUDT, including, but not limited to, beneficiary and system outcomes, utilization management, clinical records review, monitoring of beneficiary and provider satisfaction, and resolution of beneficiary and provider grievances/appeals.

The Quality Improvement Program supports the strategic initiatives and the Goals and Objectives of MCBHRS. The goals and objectives are analyzed and evaluated to identify the effectiveness of programs and areas for improvement. The MCBHRS leadership, MHP Providers, and quality improvement committee formulate these Goals and Objectives and evaluate their effectiveness.

The Quality Improvement Plan ensures the opportunity for input and active involvement of beneficiaries, family members, MHP providers, Substance Use Disorder staff and other interested stakeholders in the Quality Improvement (QI) Program.

Redwood Quality Management Company (RQMC) arranges for the provision of specialty mental health services on behalf of Mendocino County. RQMC contracts with providers to provide specialist mental health services to beneficiaries. Services are segregated as follows: ages 0-24 for children and youth, and 25 and older for adults.
