9-6-18

We support the approval of Tigerlily Jones's Family Care Unit, and Retro-active permit regarding a living area in the former garage.

Tigerlily has been a valued member of our neighborhood, for the past 25 years. She has always displayed sensitivity towards any impacts upon her neighbors.

We walk our dog in the morning and the evening, and have never noticed any speeding or excessive traffic. I know from personal experience that when someone needs care, that an in house caregiver generates less traffic, than a number of caregivers driving back and forth.

Please approve the Family Care Unit, and the Retro-active permit regarding a living area in the former garage.

Thank you,

Marzel Klugherz-Zetwick
