Re: Case # CDP_2017-0045

Applicant: Tigerlily Jones

Dear Ignacio Gonzalez,

We are appalled by the malicious nature of this complaint against a long time neighbor who is undergoing serious medical issues partially brought on by this complaint. The woman who has initiated this has had a personal vendetta against Ms. Jones for many years.

The fact that this permit has taken 14 months to process is discouraging. Ms. Jones is in dire need of a live-in caretaker to aid her in daily activities, shopping, etc. If something happens to her during this long drawn out process I hate to think what the repercussions may be.

Please expedite this permit allowing Tigerlily the health care she desperately needs.

Sincerely,

Robert Schoenhoff
