RE: Case # CDP\_2017-0045  
Owner/Applicant: Tigerlily Jones

To Whom it May Concern:

We are neighbors of Ms. Jones and have concerns regarding the permit in question.

We purchased our property on Larkin Road in 2012. According to the CC&R's of the Larkin subdivision, if we understand them correctly, travel trailers are not allowed on a permanent basis. If everyone on the road were to permanently park one in their yard we believe it would change the integrity of the neighborhood.

While we sympathize with Ms. Jones medical issues, it seems there would be plenty of room with the converted garage for caretakers.

Sincerely,

Kathe Todd
