Re: Nomination for 2019 Mendocino Historical Preservation Award

Owners: Eric and Robyn Leeds

10560 Kelly Street

Mendocino, CA. 95460

To Whom it May Concern:

I would like to nominate the house located at 10560 Kelly Street, Mendocino, for this year's Mendocino Historical Preservation Award.

The property owners worked with Bob Schlosser of Schlosser Neuberger Architects to design the plans. They lifted the roof off, added a second story to the back half of the residence, and re-roofed to match the rest of the house. In addition, they added a "mock chimney" to match the prior one. The contractor they used was Windspirit Aum of Wind & C Construction.

The house stands as a supreme example of bringing a historic home up to date to accommodate a family of today, and fits in well with the neighborhood.

Thank you,

Deirdre Lamb
