Hi Caitlin.

This came in this morning for comment on the Black/Lyme BLA. It's going to CPA on Thursday, so Julia asked me to send it to you for posting.

Thanks, and let me know if you need anything else.

In reference to the above listed case number, we write in full support of the minimal amount of land / property acquisition necessary for the opportunity to meet the requirements for setback, easements, etc. AND NO MORE.

We believe any additional property added beyond what is absolutely necessary clouds too many issues about future development of our community and in particular, that specific parcel and whether or not it can or cannot be divided and possibly developed in the future.

Thank you for your consideration.

Property owners,

Garth and Katherine Saalfield
