Hollis Lesur just sent me these photos via email requesting that they be made part of the record for this use permit hearing.

Caitlin & Adrienne,

Can you ensure that this message and associated materials are posted with U_2018-0022, which will be heard by the ZA on the 14th. Thank you in advance.

Best Regards,
Jesse Davis

I received this from Rod Jones over the weekend and he is claiming that his client was told that his comments on the Stathem Project were not going to be included in the record for the hearing. He does not indicate who told his client this, but he has included a letter that he made from an email that he sent to

Brent and I in September. The email below is addressed to Brent, but I think he was sending it to me since he did not copy Brent and I actually had several conversations with Mr. Jones after that initial email.

He would like this communication included in the package for hearing. Please let me know if this will be included so I can respond to him and let him know.

Thanks,

Trent.

Brent,

As you know, I spent some time assisting my client, Hollis Lesur, in assessing the situation relative to this use permit application. However, she recently had been informed that my comments to you via email in September were apparently never made a part of your file and thus would not be included in any administrative record. I'm separately attaching my email contents to you here and would ask that you insure they are brought to the attention of the Permit Administrator and are included for the record. Please confirm this has taken place. Thanks.

Rod Jones
