This amount should include direct administrative costs and an appropriate allocation of indirect costs. Direct administrative costs are administrative costs that only benefit CSS programs or services. Indirect administrative costs are those administrative costs that are incurred for a common or joint purpose and cannot be readily identified as benefiting only one MHSA component. Counties must use an appropriate allocation method to allocate indirect costs to the CSS Account. The share of costs attributed to the CSS Account should be in proportion to the extent the CSS programs or services benefit from the support activity. Counties must maintain proper documentation of the allocation methodology used to allocate indirect costs to administration of CSS programs or services. To avoid double-counting, do not include

Rows 10-109, Column B. Enter the Program name for each PEI program funded by the PEI Account. Program name must be consistent with Program Name provided in the most recent MHSA Three-Year Program and Expenditure Plan or Annual Update covering the same Fiscal Year. Each Standalone and Combined Program must have a unique name to ensure the calculation in Column H functions properly. If a County has changed the name of a Program subsequent to publication of the relevant Three-Year Program and Expenditure Plan or Annual Update, enter the name used to identify this Program in the prior year ARER. If this program represents a combination of two or more programs formerly reported separately, or if this program was formerly combined with another

Standalone. If the row data refers to a Program Activity within a Combined Program or to summary information for a Combined Program, select Combined. Otherwise, select Standalone. Counties may combine an Early Intervention Program with a Prevention Program as long as the requirements in CCR, Sections 3710 and 3720 are met.
