Re: CASE # Major Use Permit U_2019-0014

Dear Supervisor Haschak and Planning & Building Department:

I am a local resident, born and raised in Willits, living in the Sherwood corridor between 2nd and 3rd Gate roads, close to the location of the proposed AT&T cell tower. I am writing in **SUPPORT** of putting in this cell tower.

I am the business owner of Star Point

Horsemanship, www.starpointhorsemanship.com, an Ecommerce retail product business based on our family ranch along Sherwood Road.

The biggest challenge I face each day to run my business is poor cell phone and internet signal. Cell phone signal is so spotty I'm forced to go outside to find a spot where I can have conversations with vendors, customers and others, and our internet WiFi is too slow to conduct business during some hours of the day. I believe the new AT&T cell tower would rectify these problems.

I also feel we need reliable cell phone and internet service in the event of fire in our high risk area. Communications are vital during fire season to reach neighbors who

may be trapped or need help. At this present time, the cell carriers out here are not reliable and drop calls consistently. We need modern communication in these hills.

Please PUT IN THE TOWER!

Sincerely,

Lana Grieve and
Zachary Grieve - Cal Fire Captain for Mendocino Unit
