I received the email below in SUPPORT of the cell tower and was given permission to forward it to you.
Joy Calonico

Hi Joy,

I own the property at 3620 2nd Gate road and mostly live in my apartment in San Francisco.

I started renting my property on 2nd Gate Road in 1994 when PG&E brought service to my parcel so I'm the last parcel on the grid.

My property is currently not rented and the best potential applicants who live in the bay area require high speed date so they can video conference their employers and clients. So the only other applicants are cannabis growers who cannot show me tax statements or bank balances and only bring problems to my property ie: code violations.

My daughter and granddaughter came up to visit during Easter Vacation but we had to return to the City because of the poor internet connection where my daughter had to Zoom lessons to her students and I had to meet a deadline for the magazine I work for which requires a strong internet connection.

Please forward my message to all influential parties.

Check me out on marsbreslow.com.

I'm for the cell tower,

Mars Breslow
