**PUBLIC NOTICE OF PENDING ACTION
MENDOCINO HISTORICAL REVIEW BOARD PERMIT**

NOTICE IS HEREBY GIVEN THAT the Mendocino Historical Review Board at its special meeting on Monday, July 20, 2020 at 2:00 p.m. will conduct a public hearing on the following project(s) at the time listed or as soon thereafter as the item may be heard. This meeting will be conducted virtually and not available for in person public participation (pursuant to State Executive Order N-29-20). In order to minimize the risk of exposure during this time of emergency, the public may participate digitally or via telecomment in meetings by sending comments to pbscommissions@mendocinocounty.org and is available for viewing on the Mendocino County YouTube page, at <https://www.youtube.com/MendocinoCountyVideo>

CASE#: MHRB_2020-0002

DATE FILED: 1/30/2020

OWNER: SPRING POND PROPERTIES LLC

APPLICANT: TOM HONER

AGENT: KELLY B GRIMES

REQUEST: Mendocino Historical Review Board permit request to construct a 152 square-foot addition to an existing Commercial building. Note: The site is listed as a Category I historic resource in Appendix 1 of the Mendocino Town Plan.

ENVIRONMENTAL DETERMINATION: Categorically Exempt

LOCATION: 10501 Lansing St, Mendocino (APN: 119-150-44)

SUPERVISORIAL DISTRICT: 5

STAFF PLANNER: JULIANA CHERRY

The staff report and notice will be available 10 days before hearing on the Department of Planning and Building Services website at: <https://www.mendocinocounty.org/government/planning-building-services/meeting-agendas/mendocino-historic-review-board>

Your comments regarding the above project are invited. Written comments should be submitted by mail to the Department of Planning and Building Services Commission Staff, at 860 North Bush Street, Ukiah, or 120 West Fir Street, Fort Bragg, California. In order to minimize the risk of exposure during this time of emergency, the public may participate digitally in meetings by sending comments to pbscommissions@mendocinocounty.org by July 19, 2020 or orally via telecomment in lieu of personal attendance. All public comment will be made immediately available to the Board, staff, and the general public as they are received and processed by staff, and can be viewed as attachments to this meeting agenda at <https://www.mendocinocounty.org/government/planning-building-services/meeting-agendas/mendocino-historic-review-board>

To submit public comments via telecomment: A request form must be received by 10:00 a.m. the morning of the meeting. The telecomment form may be found at: <https://www.mendocinocounty.org/government/planning-building-services/meeting-agendas>

The decision of the Mendocino Historical Review Board shall be final unless a written appeal is submitted to the Board of Supervisors with a filing fee within 10 calendar days thereafter. If appealed, the decision of the Board of Supervisors to approve the project shall be final.

If you challenge the above case in court, you may be limited to raising only those issues described in this notice or that you or someone else raised at the public hearing, or in written correspondence

delivered to the Mendocino Historical Review Board Secretary at or prior to, the public hearing

AMERICANS WITH DISABILITIES ACT (ADA) COMPLIANCE. Mendocino County complies with ADA requirements and upon request, will attempt to reasonably accommodate individuals with disabilities by making meeting material available in appropriate alternate formats (pursuant to Government Code Section 54953.2). Anyone requiring reasonable accommodation to participate in the meeting should contact the Department of Planning and Building Services by calling (707) 234-6650 or (707) 964-5379 at least five days prior to the meeting.

Additional information regarding the above noted case may be obtained by calling the Planning and Building Services Department at 964-5379, Monday through Friday.

BRENT SCHULTZ, Director of Planning and Building Services

LITTLE RIVER, CA 95456

PROJECT DESCRIPTION: Mendocino Historical Review Board permit request to construct a 152 square-foot addition to an existing Commercial building. Note: The site is listed as a Category I historic resource in Appendix 1 of the Mendocino Town Plan.

STREET ADDRESS: 10501 Lansing St, Mendocino (APN 119-150-44)

PARCEL SIZE: 47,139± SQUARE FEET

ENVIRONMENTAL DETERMINATION: Categorically Exempt

HISTORIC STRUCTURES: On Site: Category I Mendosa's Store
North: Category I Williams House
South: Category III Priest's House
East: Category IIa Paddleford House
West: Category I Pete Anderson House

PAST MHRB PERMITS: 88-19 Demolition and reconstruction; 88-39 alteration; 93-40 paving; 94-18 light poles; 99-11 pump house; 05-56 siding replacement; 05-60 relocate fence; 2006-05 rebuild warehouse; 2006-14 exterior paint & fence; 06-24 sign, awning, parking, paint; 2006-27 rebuild garage; 2006-43 driveway, water tank, roof equipment; 2007-11 revise garage; 2007-32; 2007-51 parking design, building alterations; 2008-03 exterior; 2008-06 exterior changes; 2008-34 change roof; and 2009-10 parking lot, warehouse, and new sign.

HISTORIC ORDINANCE STANDARDS: The Mendocino Historical Preservation District Ordinance provides standards for the MHRB to consider when reviewing applications (See MCC Section 20.760.050).

APPLICABLE SECTIONS OF MHRB GUIDELINES:

- ✓ Building Size, Height, Proportions and Form
- ✓ Relationship of Building Masses and Open Spaces
- ✓ Relationship to Surrounding Structures
- ✓ Materials and Textures
- ✓ Architectural Details and Style
- ✓ Facade Treatment
- ✓ Proportions of Windows and Doors
- ✓ Roof Shape
- ✓ Color(s)
- ✓ Sign Size
- ✓ Number of Signs
- ✓ Placement/Location
- ✓ Lighting
- ✓ Paving/Grading

Landscaping

APPLICANT'S STATEMENT: Construct a 152-square-foot addition onto the alley side of Harvest at Mendosa's. Install exhaust fan (commercial) and make up air unit on the new shed roof. All material shall match existing. Existing door to be re-installed in new exterior wall.

STAFF NOTES: Pursuant with MCC Section 20.760.030(A), enlargement of any building or structure requires prior approval of the Review Board, except as specifically provided in Section 250.760.040 *Exceptions*. In January 2020, the property owner and staff discussed alternative designs that could potentially be exempt. The design proposed is not exempt from Review Board approval. Staff recommends the project as proposed satisfies the adopted standards, pursuant to MCC Section 20.760.050. To ensure that installed doors or window-frames are made from wood, staff recommends Condition #7. To ensure the exterior colors are as proposed, staff recommends Condition #8. The proposed may require a Coastal Development Permit, or permit amendment, or CalFire Clearance; therefore, staff recommends Condition #9.

REQUIRED FINDINGS: The Review Board shall not approve or conditionally approve any application for proposed work unless it affirmatively makes the following findings:

- (A) The exterior appearance and design of the proposed work is in harmony with the exterior appearance and design of existing structures within the District and with that of the existing subject structure.

Pursuant with MCC Sec. 20.760.065(A), the 152 square-foot addition with exhaust will be located behind existing, taller structures and not visible from public areas; therefore, the addition shall have a negligible effect on existing historic resources and the District's architecture.

- (B) The appearance of the proposed work will not detract from the appearance of other property within the District.

Pursuant with MCC Sec. 20.760.065(B), the proposed addition and exhaust fan will not detract from the appearance of other property within the District.

STANDARD CONDITIONS:

1. This action shall become final and effective on the 11th day following the decision unless an appeal is filed pursuant to Section 20.760.072 of the Mendocino County Code. The permit shall expire and become null and void at the expiration of two years after the effective date except where construction and or use of the property in reliance on such permit have been completed prior to its expiration.
2. The application along with supplemental exhibits and related material shall be considered elements of this permit, and compliance therewith is mandatory.
3. This permit shall be subject to the securing of all necessary permits for the proposed development from County, State and Federal agencies having jurisdiction. The applicant shall secure all required building permits for the proposed project as required by the Building Inspection Division.
4. This permit shall be subject to revocation or modification upon a finding of any one (1) or more of the following:
 - a. That such permit was obtained or extended by fraud.
 - b. That one or more of the conditions upon which such permit was granted have been violated.
 - c. A final judgment of a court of competent jurisdiction has declared one (1) or more conditions to be void or ineffective, or has enjoined or otherwise prohibited the enforcement or operation of one (1) or more such conditions.

5. To establish that site-work satisfies the requirements of MHRB Permit 2020-0002 and the Review Board's action, the property owner shall request a Planning and Building Services Final Inspection prior to the expiration of this permit. Prior to this MHRB Permit's expiration (if no Building Permit is obtained) and at the request of the property owner, PBS will furnish, following a site inspection of completed work, a functionally equivalent document demonstrating that the requirements of MHRB Permit 2020-0002 have been satisfied.
 6. Any Building Permit request shall include MHRB Permit 2020-0002 (attached to or printed on the plans submitted).
 7. All exterior doors and window frames shall be made from wood.
 8. Exterior base and trim colors shall match existing, exterior building colors.
 9. This permit shall be subject to the securing of all necessary permits for the proposed development from County, State and Federal agencies having jurisdiction, including Coastal Development Permits or Permit amendments.
-

ATTACHMENTS:

- A. Application
- B. Sverko historical information for APN 119-150-04

The Review Board's action and this permit will not be final and effective and work may not commence on the project until after a ten day appeal period has ended. You will be notified if a timely appeal is filed.

Appeal Fee: \$1,616.00 (Check payable to County of Mendocino).

Appeal Period: Appeals must be received within 10 days of Review Board Action.

PROJECT DESCRIPTION QUESTIONNAIRE

The purpose of this questionnaire is to relate information to the Planning & Building Services Department and the MHRB. Please answer all questions. For those questions which do not pertain to your project, please indicate "Not Applicable" or "N/A". **NOTE: The more complete and clear the submitted information, the more quickly your application can be processed.**

1. Describe your project in detail.

- **For demolition**, identify the items to be demolished, the percentage of the structure(s) to be demolished, and explain reason for demolition.
- **For new signs**, provide scaled drawings, describe wording, dimensions, materials, colors, and mounting detail. Indicate specific location on site plan.
- **For new copy on existing signs**, provide wording, graphics, font style, colors, and photographs of existing sign(s).
- **For exterior painting**, describe existing and proposed colors. Provide paint chips for proposed colors.
- **For exterior lighting**, include description/detail of fixtures and indicate locations on the site plan.
- **For new construction**, additions or architectural alterations, include plans, elevations, dimensions, height(s), materials, colors, finishes, trim and window details, walkways and paving locations.
- **For walkways, driveways, paving and grading**, provide dimensions, location and materials.

Construct a 152 Square foot addition onto the alley side of Harvest at Mendosa's.

Install exhaust fan (commercial) and make up air unit on the new shed roof.

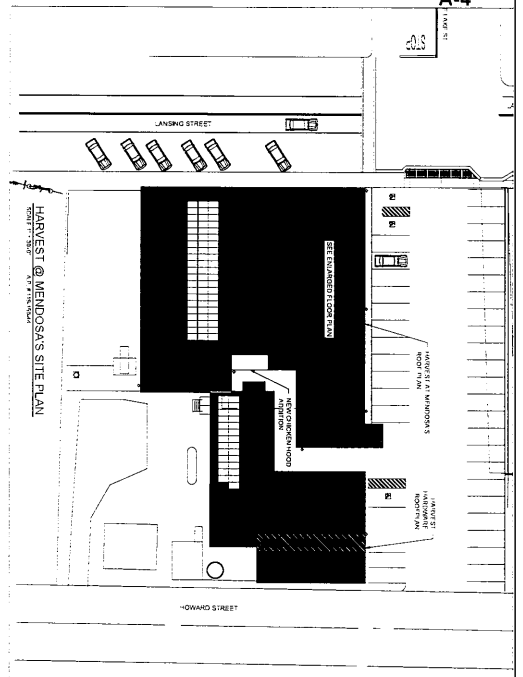

All material shall match existing.

Existing door to be re-installed in new exterior wall.

2. If the project includes new construction, please provide the following information:

- What is the total lot area presently covered by building(s), decks, walkways, water tanks, and other structures? 2000 sq. ft.
- What is the total floor area (internal) of all structures on the property? ~ 2300 sq. ft.
- If located within the Mendocino Mixed Use (MMU) zoning district, What is the total floor area on the parcel that is devoted to residential use? _____ sq. ft.

If you need more room to answer any question, please attach additional sheets

 A MINOR ADDITION FOR:

Per Eleanor F. Sverko Oct. 1997

APN: 119-150-04
MHR: E-40 Landmark No. I
10501 Lansing Street**MENDOSA BROS. STORE**
(since 1909)

The history of Mendosa's Store is written up in the Mendocino Beacon issue of Oct. 18, 1984, and of the Mendosa family/store in the book "Early Portuguese Families of the Town of Mendocino", page 369.

This building was surveyed for the State Office of Historic Preservation by the writer in July, 1987.

Frank J. Mendosa (from the Azore Islands) lost an arm just above the elbow in 1902 at the Mendocino Lumber Mill. He already owned a lot with a small building on it on Lansing Street, and there he opened a saloon and "chop house" assisted by his daughter, Mary. In 1909, prohibition closed the saloon and Mendosa opened a grocery store, expanding the building another 30 feet.

Mendocino Beacon, Sept. 2, 1916, notes Mendosa has considerably enlarged his store.

Beacon issued, 9/7/1920, 9/25/1920, 10/16/1920, and 11/6/1920 reference Mendosa's big new store, (see file) and a cement sidewalk installed in front with light posts at each end.

In January, 1926, Mendosa added 20x30 feet to his warehouse in the rear of the store.

In September, 1923, Mendosa added a large water tank in the rear of their store as a protection against fire. (This water tower was permitted by the California Coastal Commission to be razed in July, 1983, despite an appeal by local activists.)

In September, 1951, Mendosa's store underwent major improvements and a new warehouse was built at the rear of the store. The portion formerly used for feed and storage has been enlarged

In September, 1968, a county building permit was issued to Mendosa's to repair fire damage in the amount of \$2000.

MENDOSA PARKING LOTS

119-150-02 & 03
No MHR numbers

119-150-02 - 10511 Lansing Street

Research has not been done on when Mendosa's acquired this property or if it was a part of the original purpose containing the store.

It has been used for several years as a customer parking area for the store. In 1989, Mendosa's were granted permission to expand their parking lot 15 ½ feet northerly into parcel 119-150-01 (Williams House).

119-150-03 - 44951 Little Lake Street

Somewhere I had a note that this parcel was obtained from Nettie Nichols Paddleford by Isabel Mendosa, widow of Frank J. Mendosa but now can't find the note.

A vacant parcel, unpaved, it is now used as an employee parking lot by Mendosa's. Vehicle access is from Howard Street.

Mendoza's con't.

Beacon issue, Sept. 25, 1980, Mendoza's store undergoing remodeling. (*If memory serves the writer correctly, this is when they separated the "old store" from a new supermarket style store on the north side.*)

Expansion to south side of main store ??? In 1982, Mendoza's rented space in the south side of the building to "Deja Vu" and also to "Fine Line Gallery".

In October, 1980, Mendoza's applied for an expansion of the north side of the store, 30 feet northerly into the parking lot, and expanding the parking lot to within five feet of the south wall of the historic "Williams House", 119-150-01 and were granted a permit by MHRB. This expansion was appealed to the County Board of Supervisors by Sylvia Coddington and the permit was denied.

In 1989, Mendoza's applied for a Coastal Commission permit to expand the parking lot 15 ½ feet north into parcel 119-150-01 and were granted permission.

See File 119-150-02 and 03 for additional info on Mendoza parking lots.

18. Related features: Parking lot north, vacant parcel south, warehouse in rear of store to the east.

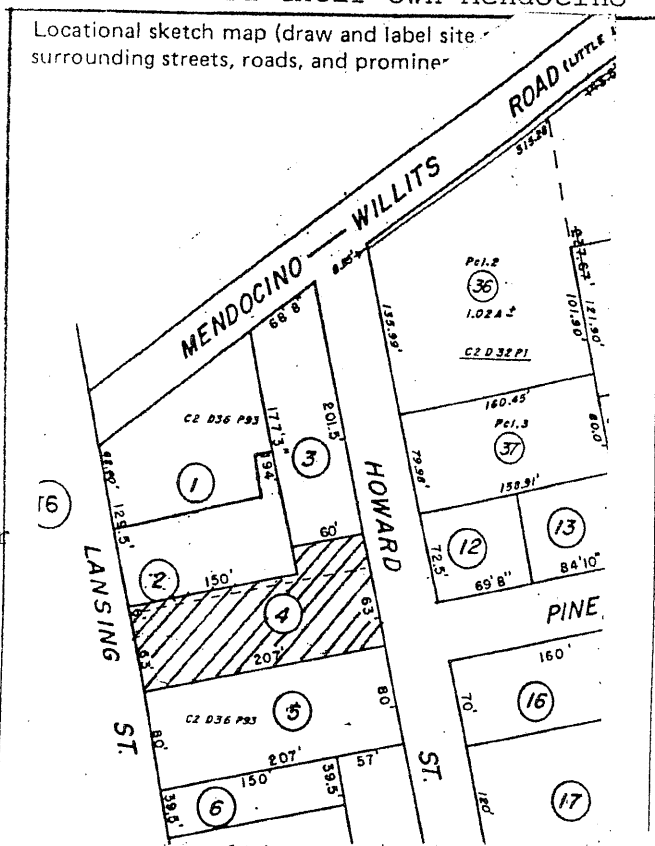

SIGNIFICANCE

19. Briefly state historical and/or architectural importance (include dates, events, and persons associated with the site.)

"Book "Mendocino" Stebbins/Bear, 1973) Frank J. Mendosa was born in 1851 on the Island of Flores in the Azores.... he came to California in 1871, was employed in logging operations and the mill in Mendocino ... he married Isabel Lopes and raised eight children "Antone, Mary, Frank, John, Joseph, William, August and Alex". The father lost his right arm in a mill accident.. and owning a lot on Lansing Street with a small building on it, and with the help of his oldest son Antone, started a saloon - business improved and with the help of Mary he opened a Chop House.... Frank Mendosa died in 1924. The general store was operated co-operatively by the boys; William, ~~August~~, John, who worked in the store daily. They were joined in the 1930's-40's by Isabel (Lewis) Sandbothe, dau of Mary, and her husband Raymond Sandbothe, and later by Alvin Mendosa and wife Jeanette (son of Joseph). After 78 years, the Mendosa family continues to operate the business. Alvin & Jeanette have in recent years established their own Mendocino Market on Ukiah Street.

MENDOSA'S STORE

per Sverko, 1/25/93

Mendocino Beacon

9/25/1920 .. J. R. Smith of East Mendocino is engaged the past week laying a cement sidewalk in front of Mendosa's new store on Lansing St.

Beacon, 10/16/1920 F. J. Mendosa's fine new store is being painted this week. E. D. Woodworth and Ray Valentine of East Mendocino are doing the work.

Mendocino Beacon

Nov. 6., 1920

**MENDOSA'S BIG STORE
NOW FULLY-COMPLETED**

The big new store of Frank J. Mendosa received its finishing touches this week and is now complete as far as the exterior is concerned. The front of the store is practically all plate glass, it covering a space of some forty feet and the two large display windows add greatly to the appearance of the store. These were skilfully installed by Ray Valentine.

A broad cement walk extends the entire front of the building and is a big improvement that helps out the general ensemble. Mr. Mendosa has placed a traffic post with lights at either end of the walk.

The interior of the store is finely lighted with subdued lights, installed by E. B. Miller of East Mendocino. The woodwork of the interior of the store has been stained or painted by Elmer Woodworth.

The new store is indeed, an addition to our town and a credit to Mr. Mendosa and those who constructed it.

Beacon, 8.7/1920

STORE NEARING COMPLETION

Frank J. Mendosa's big new store is fast nearing completion under the direction of Ray Valentine who has the construction work in charge. The exterior of the building has been painted which adds materially to its appearance.

Beacon, 8/28/1920 Alex Mendosa arrived home this week from S.F. where he will join his brothers in the store. He has just completed a course at Heald's Business College.

Beacon, 9/4/1920 MENDOSA'S STORE
NEARING COMPLETION ..

The new store being erected by F. J. Mendosa is fast nearing completion and during the past week the entire stock of his former store has been moved into the larger building. The store is a very creditable addition to the town and Mr. Mendosa and his sons are to be complimented for their enterprise. Ray Valentine has been in charge of the construction.

Beacon, 1/23/1926

ENLARGES WAREHOUSE

The Mendosa firm are making an addition to their warehouse 20x30 feet in extent to accomodate their large stock of grain and feed which they are now carrying.

Page 12 Mendocino Beacon, Thursd

Mendocino Memories

from
Beach
Don B

25 YEARS AGO

July 25, 1958

"The new addition to Mendosa's store on the Main Highway (which then was Lansing Street) is progressing nicely and within a week or so carpenters will start work on the interior of the building. The new addition, on the south side of the building will be 34 feet by 110 feet and will be used to house the new furniture department and also accommodate the large electrical appliances and hardware. The new annex will be opened during the fall."

After five years on the coast Lt. Jay Miller of the Sheriff's department is being transferred to Ukiah. He will be replaced here by Sergeant Tony Craver and Sergeant Robert Smyth.

After all the hoo-hah died away the final Coastal Commission permit was obtained and the decrepit Mendosa water tower was pulled down by a tow truck. Scarcely anyone except immediate neighbors seemed to notice.

Interference by local activist buttinskies added about \$800 to the expense of getting rid of that dangerous structure.

I was amused by the picture of the three smiling MCA activists on the Beacon front page last week. Only one of the three owns a home in Mendocino. Grail Dawson rents and Jan Desipio used to rent here but now lives elsewhere.

Their unsubstantiated boast of a "200-person support

places of special ecological interest.

February 13th, 1897 Railroad For Lake

The Lake County supervisors have granted the Clear Lake Electric Power Company a franchise to construct and operate a railroad, telegraph telephone, and electric light line for a period of 50 years. Under the condition of the franchise the building of the railroad must be commenced within three years. Five thousand dollars must be spent the first year and \$10,000 in two years or the franchise will be forfeited. The road is to run from Clear Lake to Vallejo.

The Mail Route

The irregularity with which the mail has been arriving during the past ten days demonstrates that a change is needed somewhere in the mail route, and the consensus of opinion is that if the old Cloverdale route was reopened we would not have the delay with the mail that we now experience. With the Cloverdale route was reopened would have almost if not quite as convenient communication with Ukiah as now, and it would probably be much more satisfactory.

A Spotted Calf

A curiosity and one of the prettiest things yet discovered in the sheep family is owned by C. M. Iverson, of Iverson. It is a lamb covered with red and white spots. The end of the tail is white, then there is red, then white and so on until the nose is reached, which is black. The lamb with its spotted coat attracts much attention.—Record.

Death of an Aged Resident

On last Sunday morning Caroline, wife of Peter Hanson, died at her home in this place at the ripe age of 82 years. She had been an invalid for a number of years helpless, and her faculties had become somewhat im-

government experts have now discovered that many of these reputed amounts were never paid by Yates.

September 22nd, 1951 Golden Jubilee Observed By Local Chapter Of SPRSI State Officers Attend

Sunday, September 16th, was an auspicious occasion for members of Council No. 41, S.P.R.S.I., for on that day the members were celebrating the 50th anniversary of the organization.

Only two chapter members remain from the original group. Mrs. Marian Pimentel of this place, and Mrs. John Silva of Oakland. Mrs. Silva was unable to be present and sent her regrets.

A Grand meeting was held in which three Grand Officers presided. Present for the golden anniversary were Supreme President Mrs. Marie Rose of San Diego; Past Supreme President Mrs. Marie Machado of Hayward and Mrs. Mamie Silvey of Concord, Past Supreme President and Deputy of the above named Council.

A sumptuous dinner, with baked ham as the entree, was served at noon with Mrs. Elsie Fraga and Mrs. Clara Madera making all arrangements and cooking the dinner.

Speeches made by the Grand Officers were appropriate to the occasion and roundly applauded.

Much credit is due Mrs. Fraga and sister, Mrs. Madera for their untiring efforts in making the affair the success that it was.

Major Improvements At Mendosa's Mendosa's Store on the main highway, is undergoing

extensive improvements, and the first step is a new warehouse at the rear of the store. The portion formerly used for feed and storage has been enlarged to take care of the ever increasing business of this Mendocino firm.

According to Bill Mendosa "this is just a start" and the improvements contemplated will take a period of over six months to complete.

Bill Bartle, local contractor, is in charge of the improvements.

Bad Fall From Ladder

Twelve year old Charles York, son of Mr. and Mrs. Taylor York, of Point Arena, had a fall from a ladder Tuesday evening landing on some broken glass. He was rushed to Fort Bragg where six stitches were taken in his wrist and he was brought home again. Glad it was no worse.

FOR LAND'S SAKE

Mendosa's store 75 years old this month

119-150-04

BY ROB FOWLER

Frank Mendosa had his right arm cut off at the Mendocino Mill yesterday afternoon. He was at work at the mill saw, and had just thrown in gear the lever that works the overdraw rope with which the logs on the mule saw carriage are handled. It seems he must have stepped into the rope coiled upon the floor, for he was thrown from his feet and his right arm was caught in a loop of the rope. Mendosa was drawn to the floor through which the rope passes. The rope was instantly tightened and the unfortunate man's arm was cut in two almost as neatly as though it had been done with a knife. The cut was just above the elbow.

Mendosa is an old and well-known mill hand who is well liked by everybody. He has a large family, which makes his accident all the more regrettable.

Reprinted from the Mendocino Beacon, June 14, 1902

The accident, so graphically described in the pages of the past, served as the catalyst for the general merchandise store which was stated in October, 75 years ago.

With one less limb to work with, Frank Mendosa knew instantly his life-long work in the lumber industry was over.

He was born in 1851 on the island of Flores in the Azores. Wrote son: William Mendosa in 1972:

"As a youth...he embarked on a whaling vessel and made several trips around Cape Horn. However, finding this life very strenuous, he landed in Boston where he worked as a longshoreman; and then decided to go to California... (where) he secured employment in the Caspar woods as a whistle boy,

and later as a bull team driver in their logging operations. Once he had earned money, he bought passage for his three sisters and father, and married Isabel Lopes, who had recently arrived from the Azores.

After working in the Mendocino Mill, however, the accident which took his arm forced the family to look-elsewhere for survival. They owned a lot with a small building on Lansing Street. So, with the help of his oldest son, Antone, he decided to open a saloon.

"The first day in the business he sold one glass of beer for 5 cents," recounts William. "But in time business improved, and he opened a Chop House" (restaurant) where Mary (his daughter) cooked.

But in 1909 prohibition acted almost as cruelly as the mill accident, closing his saloon. He opened a small grocery store by borrowing money. The older sons now worked the mill and turned their checks over to pay the debt. At that time, "Jarvis & Nichols" was the major general merchant in Mendocino while a number of smaller stores operated.

Starting a store did not make life easy.

"All merchandise for Mendocino arrived via boat to the Point and had to be hauled (uphill) in a two-wheel handcart to the store... (Frank Mendosa) could neither read nor write... When alone in the store waiting on a customer, he made a mark in the day book for each item he sold, and later told the boys from memory exactly what it was and the price," William wrote.

Mendocino columnist Don Burleson recounted more about the advancement of the store in a 1977 Mendocino Memories.

"Pretty soon every inch of space was crowded with pots pans all manner of merchandise. In fact, merchandise was hung from the rafters and hooked poles were used to lower desired items.

"The store was extended another 30 feet on to the lot

"The upstairs...outlasted all the other established mercantile businesses which controlled the trade back when Frank Mendosa lost his arm... Frank Mendosa's mind certainly turned out to have a silver lining," Burleson wrote.

The business is still managed by the family and owned by job; remodeling the front en-

Frank Mendosa's original Chop House

(looking like a tunnel). Eventually, the 900 square feet became as crowded as the original 450 and the family decided on a novel experiment of enlargement... They hired Raymond Valentine to build what is still known as 'The Main Store.'"

When the sons returned home from World War I in 1919, the store became a partnership known as Mendosa's, as it is today.

several original members who live in Mendocino or have since moved. During the past five years Mendosa's has undergone an estimated \$100,000 worth of structural and esthetic renovation—the first extensive work on the building in approximately 30 years. Plans to expand the store further are being considered, but are uncertain at this point, according to general manager Robert

trance way to the style of the earlier store; remodeled cashier booths; a new produce case; and expanded meat market, beverage area and wine section.

The changes in operating hours to earlier and later hours, which began this summer, are expected to continue until it is infeasible and an interior paint job is planned for this winter.

September 2, 1916

Captain Edward Jahnsen, known as the "father of the steam schooner business," died at Astoria last Wednesday.

Some thirty years ago, when the project of putting steam power into coast-wise lumber vessels was first proposed, Captain Jahnsen was in the employ of the L. E. White Lumber Company. He designed and supervised the construction of the Whitesboro and Greenwood, and later was in command of both vessels. He was also, at one time, master of the steamer Point Arena which plied between this port and San Francisco.

The warehouse of the Mendocino Farmers' Club, which is located in Eugene Brown's store building on Main Street, was the scene of considerable activity this week.

The first consignment of fruit shipped by the Farmers' Club will leave here on the Sea Foam today for San Francisco, and will consist of over 100 boxes of apples, twenty-five of peans and 15 boxes of French prunes. Most of the fruit comes from orchards in

the Comptche section.

The Northwestern Compo Board Company, an Oregon concern, has acquired a site at Fort Bragg for the manufacture of compo board, which is used a great deal in the East for the finishing of the interior of houses. Redwood waste is to be used in the manufacture of this product and the entire refuse of the Fort Bragg mill will be utilized. The plant will be the first one of its kind to be installed in California.

The Navarro Ridge School opened last week with Miss Felicitas Rafter as teacher. This is Miss Rafter's fourth term teaching here, and she is very successful. Eighteen pupils in attendance.

Albert F. Hanson, of Mendocino, and Bertha Haskett, of Fort Bragg, who are attending the University of California, are among the junior and seniors in the College of Letters and Science whose work has been of such high quality as to win them the opportunity of registering as "Candidates for Honors."

Among our new advertisements this week is that of Frank J. Mendosa, dealer in general merchandise.

Mr. Mendosa's store on Lansing Street has recently been enlarged to a considerable extent. This enables him to carry an extensive stock of goods,

and he now intends, through the Beacon's advertising columns, to solicit the patronage of the people of Mendocino and vicinity, by informing them of the nature and quality of his goods and the bargains he is prepared to offer them.

Mr. and Mrs. C. B. Mallory, Misses Ethel and Hazel Mallory and Wallace Mallory left Thursday for an auto tour of the central part of the state and a visit to the State Fair at Sacramento.

After two weeks' visit here with relatives, Miss Carrie Marshall left Saturday to resume her duties at the Fairmont hospital in San Francisco.

Leslie Woodworth left on the Sea Foam Saturday for Oakland, where he will make his future home.

September 7, 1946

On September 3rd, the Mendocino high school began its new term with a much larger attendance than last year. With the addition of Junior high students from the local and neighboring elementary schools, the enrollment is now around ninety students.

Two new teachers are added to the faculty: they are Miss Wood, who teaches music and Miss Young who handles the Home Economics department. Mrs. Genise, Miss House, Mr. Fry, Mr. McCormick and Mr. Lieftrick as Principal,

complete the faculty.

A 7 lb. 11 oz. son was born at the Redwood Coast Hospital at Fort Bragg on September 3rd to Mr. and Mrs. Henry Stornetta of Point Arena. This is the first child for the couple. The little man has been named Toby Leon.

John Prien, of South Fork, Humboldt County, had a very close call last week when the car he was driving went over the bank near Westport and fell 300 feet before coming to a stop. Prien was brought to the Redwood Coast Hospital where he stayed for a day and was then discharged. The only injuries he received was a severe shaking up.

Prien was driving south and met Bill Simpson driving north. The aged man did not know the road and pulled out sharply to let Simpson pass. When he pulled out, the car hit a soft shoulder and plunged down the cliff. Simpson immediately went down the bluff and succeeded in getting Prien out of the wrecked car. He was assisting the man to the road when Deputy Sheriff Ward

Reis arrived and brought Prie to the local hospital.

Mr. and Mrs. Charles Corp of Walnut Creek, spent the weekend here as guests of Mr. and Mrs. Robert Erach.

Mr. and Mrs. Frank Wain of San Francisco have been in Mendocino for several days this week visiting with relatives and friends.

Mrs. Marie Conolly of L Angeles is here visiting Mr. and Mrs. Victor Biagi for couple of weeks.

Section 1 Page 2 - MENDOCINO BEACON, Thursday, October 9, 1980

Expansion appealed

Expansion of Mendosa's market, recently approved by the Mendocino Historical Review Board, is being appealed to the Mendocino County Board of Supervisors. The matter will be discussed at that board's Oct. 27 meeting in Ukiah.

Appealed by Mendocino resident Sylvia Coddington, the approval granted by the Review Board during their meeting last month would allow the market to add 3000 square feet of floor space to the north side of the building by extending the structure 30 feet further into the existing parking lot.

In the appeal Coddington contends the project is an "intrusion on

Continued on Page 2

Appeal

Continued from Page 1

historic structure i.e., the store and the residence at the corner of Little Lake and Lansing Street."

Coddington is also contending the owners of Mendosa's did not follow California Environmental Quality Act requirements adequately by moving the intersection and increasing traffic problems.

As currently planned extending the building 30 feet further north would force parking vehicles to within five feet of an identified Priority 1 house.

Last month a "negative declaration" was approved by the Review Board making an Environmental Impact Statement unnecessary. The negative declaration was recommended by Daryl Mitchell of the County's Planning Department, because, he said, the proposed changes to the structure would be insignificant and would not seriously affect the surrounding environment.

Beacon, 9/9/1922
F. J. Mendosa this week purchased the lot directly east of their store from Miss Nettie Paddleford. It is Mr. Mendosa's intention to close the present foot-path south of the store and to continue their driveway just north of the store, through to the other street, thus affording a way for pedestrians as well as for their own convenience.
