Subject: Re: Urgent: Request - March 2, 2020 MHRB_2020-0001 Site View

Dear Christina and Robert,

I am happy to place your comments in the administrative record. While the department inadvertently did not schedule a March 2nd site view for MHRB_2020-0001, PBS does not prohibit them. Staff is recommending that the matter be presented at the March 2nd MHRB Meeting, hearing public expression, and then continue the matter to April 2, 2020 for a scheduled site view and consideration by the Review Board.
