Mendocino CountyWide Net Script
Revised August 1, 2020

QST, QST, QST. This is (your call sign) **net control for the Mendocino County Auxiliary Communications Service. This is the MACS Countywide net. My name is** (your name) **and I am located in** (your town)**.**

The purpose of this net is to provide a communications network for amateur radio operators in Mendocino County to prepare for and practice for disaster and emergency communications. This net connects the various local nets in the communities or towns in the county.

This is a directed net. Please do not transmit unless authorized to do so by net control.

Initial roll call will be by local community name. If there has been a local community net in the past week, the net control operator for that community should answer the roll call. If there has not been a local net or if the local net control operator is not available, any amateur operator may check in for that community.

Please answer with your community name and call sign only and give me time to log you in. DO NOT give a further report until acknowledged by net control.

When responding, please wait a little bit after pushing the PTT bar to allow the links in this system to become established before you start to talk. If you have an announcement to make to the net, say so when asked for your report.

Roll call by community name alphabetically follows: **Break, this is** (your call)
(Call the communities in order)

	Call Sign	Number	Other Traffic
Albion	_____	_____	_____
Anderson Valley	_____	_____	_____
Brooktrails	_____	_____	_____
Covelo	_____	_____	_____
Dos Rios	_____	_____	_____
Gualala & Pt. Arena Voice	_____	_____	_____
Gualala & Pt. Arena Digi	_____	_____	_____
Laytonville	_____	_____	_____
Longvale	_____	_____	_____
North Coast Simplex	_____	_____	_____
Piercy	_____	_____	_____
Potter Valley	_____	_____	_____
Redwood Valley & Ukiah	_____	_____	_____
Willits	_____	_____	_____

Now for check ins from the other nets in alphabetical order:

Digi Net	_____	_____	_____
Lake County Monday	_____	_____	_____
Lake County Wed.	_____	_____	_____
Swap Net	_____	_____	_____
Technical Net	_____	_____	_____
Walking Repeaters 2m	_____	_____	_____
YL Net	_____	_____	_____

The MACS net control station for next week should be from (the next town).   (station) **are you willing and able to take net control next week?**
(**i**f not, call a station from the next town until a net control station is found)

Now for the announcements from _____ _____ _____ _____ _____
(go to stations indicating announcements)
Does any other station have an announcement or traffic at this time?

Now we begin logging all stations not previously heard this evening.

Please respond with your call sign only when asked. Roll call will be alphabetically by the first letter of your call sign suffix. Please do not follow another station checking in until requested by net control. Please use the standard phonetic alphabet when voicing your call sign. If you have traffic, say so. Otherwise you will not be asked for traffic.

Break. This is (your call sign)**.**

Suffix beginning with the letters A, B, C, D, or E; Alpha through Echo, come now
_____ _____ _____ _____ _____ _____

Suffix beginning with the letters F, G, H, I, or J; Foxtrot through Juliet, come now

Suffix beginning with the letters S or T; Sierra or Tango, come now
_____ _____ _____ _____ _____ _____

Suffix beginning with the letters U, V, W, X, Y, or Z, Uniform through Zulu, come now
_____ _____ _____ _____ _____ _____

Thank you all for checking in and being prepared for disaster communications. In the event of a perceived emergency or disaster, it is suggested that all amateur operators check in with their local nets first and then check this linked repeater system, particularly every hour on the hour.

This net will meet again next Wednesday at 7:30 PM on this linked repeater system. The net control station next week should be (station) **from** (town). **This is** (your call sign) **net control. The MACS Countywide net is now closed.**
