Timeline for recommendations R1 and R2:

The protruding nails on the exterior of the building and the inspection and repair of any leaky faucets will be taken care of as part of our summer maintenance projects by the Mendocino Unified School District maintenance department. This work will most likely occur in July, or August at the very latest. The nails and the faucets will be fixed before teachers come back for the 2014-15 school year on August 19th, 2014.
