

THEN & NOW

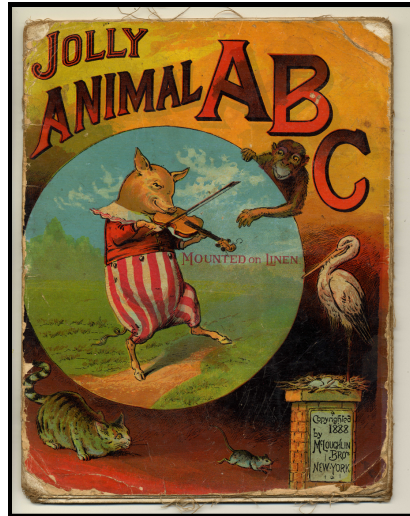

We can learn about history by studying the objects or things that people used in their daily life. By thinking carefully about what we see, we can imagine and begin to understand what life was like in the past.

THEN

Here are three items that were used in Mendocino County classrooms in the past.

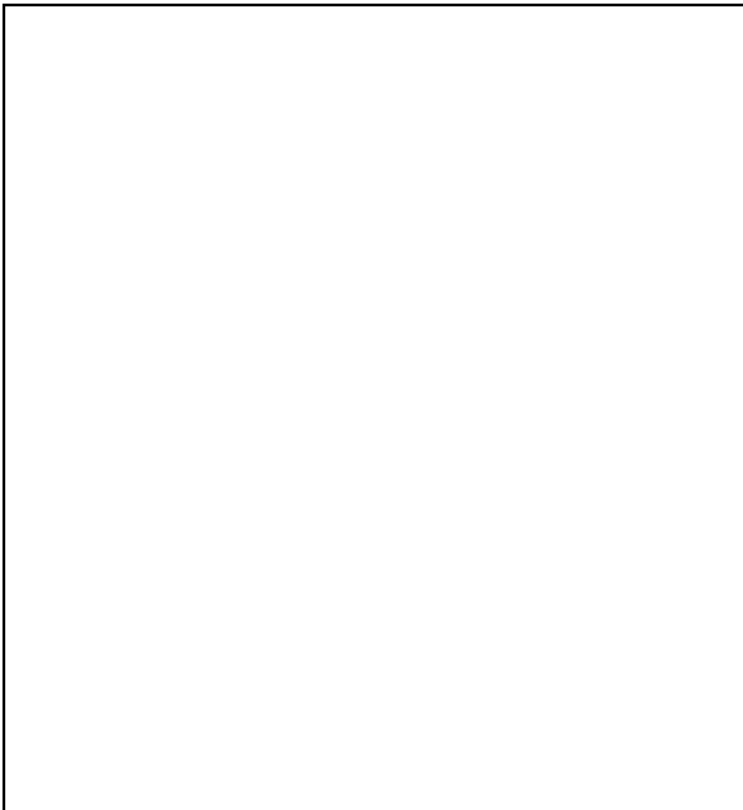

School Desk

ABC Book

Slate tablet for practicing spelling and math.

NOW

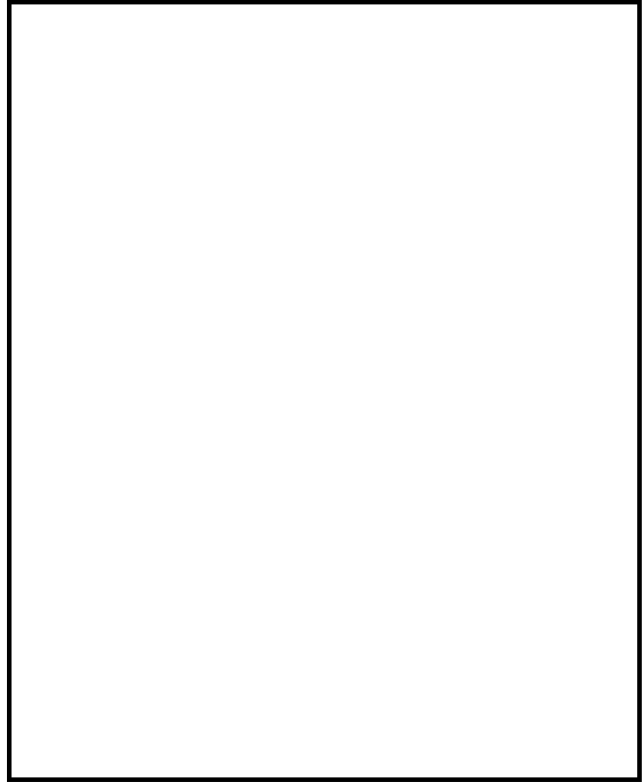

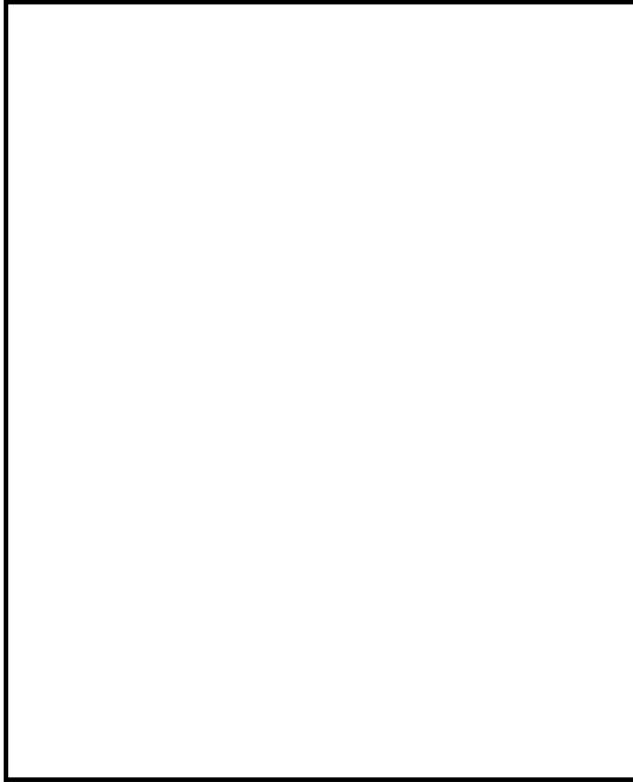

Your turn! Draw three item you use everyday in your classroom.

WHAT DO YOU SEE?

Use the space below to describe the objects and what they are used for.

THEN

NOW

Do you notice anything that is the same about school from then and school now?

What are the differences you noticed about school today and school in the past?

Why do you think these changes happened?
