OUR MISSION: "To be committed to consumers, their families, and the delivery of quality care with the goals of recovery, human dignity, and the opportunity for individuals to meet their full potential."

Item	Agenda Item / Description	Action
1.	Call to Order, Roll Call & Quorum Notice, Approve Agenda:	Board Action:
5 minutes		Motion made by Vice
	 Meeting called to order by Chair Rich at 1:02 PM. 	Chair Ferretta,
	 Members present: Behringer, Bradley, Eagles, Ferretta, 	seconded by Member
	Fuentes, Gorny, Martinez, Towle, and Supervisor Brown.	Towle to approve the
	Agenda approved as written.	agenda as written.
		Motion passed.
2.	Minutes of the August 19, 2020 BHAB Regular Meeting: Review	Board Action:
5 minutes	and possible board action.	Motion made by Vice
	 Minutes approved as written. 	Chair Ferretta,
		seconded by Member
		Towle to approve the
		August 19, 2020
		BHAB meeting
		minutes as written.
		Motion passed.

10 minutes (Maximum)		
	Members of the public wishing to make comments to the BHAB will	
(махішиш)	be recognized at this time. Any additional comments will have to be	
	provided through email to <u>bhboard@mendocinocounty.org</u> .	
	No public comments.	
4.	Measure B Discussion and Possible Action:	Board Action:
30 minutes	A. Measure B August Meeting Report	
	I. BHRS Director Miller shared the Measure B Committee	
	voted to install and pay for the gun lockers for the training	
	center. The item will be going in front of Board of	a fine attention of the file.
	Supervisors (BOS) sometime in October or November.	
	a The gun lockers will not have guns at all times, but	
	are rather intended for law enforcement who do not	
	have a gun locker in their vehicles, and need	
	somewhere to put their gun when participating in a	
	training at the training center.	
	II. The BOS formed a Measure B Ad Hoc Committee to focus	
	on Measure B, a business plan, and whether or not a	
	psychiatric health facility (PHF) is viable in our county. The	
	committee is Supervisors Haschak and Williams.	
	III. Discussion on Measure B funds and what can be purchased	
	with Measure B dollars. P. Behavioral Health Training Contar Undete Alugar Bailey	
	 B. Behavioral Health Training Center Update – Alyson Bailey I. Alyson Bailey joined the BHAB meeting to give an update 	
	on the training center.	
	a. Alyson mentioned the gun lockers will not be visible to	
	anyone visiting the training center as they will be in the	
	utility room.	
	b. The training center is over the design phase, and will	
	enter the remodeling phase soon. Construction is	
	anticipated to start in late October, and the building	
	should be ready to use by Spring of next year.	
	c. There is a space to make coffee, store food, but no actual	
	kitchen; the capacity of the building is about 75.	
	I. Alyson asked the BHAB members for their feedback on the	
	training center, including what they think should be	Sugar No Tak Sala
	included design wise, what equipment is needed to hold	
	trainings, and if any agency would need the training center	BHAB members to
	multiple times a week to hold a program.	follow up and bring
	a. Member Martinez suggested the building should have a	back their
	cultural scene, so all clients can feel welcome regardless	suggestions at next
	of their background. Other ideas included special audio	month's meeting.
	equipment, translation services, etc.	A lyngam:11:11 /1
	II. Alyson shared the training center business plan will have a	Alyson will email th
	clause that states that the majority of people who will be	questions to Chair
	able to book the facility have to be related to behavioral	Rich to include in
	health in order to ensure it is primarily used for behavioral health services.	next month's agenda
	a. The current business plan does include a charge to use	
	the facility (for building maintenance costs, etc.), but the	_ = = = = = = = = = = = = = = = = = = =

	county is considering a discount for amount of use in case an agency needs the facility multiple times a week. The Sheriff's department will also pay whenever they need to use the facility. The business plan is still being developed so nothing is final yet. The BHAB would like the opportunity to weigh in on the business plan; Alyson will make sure the BHAB gets the business plan before it goes to Measure B for approval. b. Discussion on if a survey has been done regarding other providers, and if they have intentions of using the facility and if so how much they are willing to pay to use it. Chair Rich suggested it'd be beneficial to know this information before developing a business plan. c. The board thinks there should be a mandatory amount of mental health trainings offered. d. Member Towle suggested bookings for a whole year in advance should not be allowed, but rather up to a month ahead. C. Kemper Report Recommendations Update I. BHRS Director Miller shared that the Measure B Committee presented 4 items to the BOS: the Mobile	
	Outreach Crisis Response Team, Aftercare Services, Community Education Awareness, and the 1.3 million dollars for supportive mental health housing on the coast. Of those 4 items, only the mobile outreach item passed, all other items were put on hold by the BOS. The BOS wants a business plan developed prior to approving any more Measure B dollars to be spent. BHRS Director Miller will work with the Measure B Ad Hoc Committee recently formed to develop this plan.	
5. 15 minutes	Mendocino County Report: Jenine Miller, BHRS Director A. Director Report Questions I. Director report included in agenda packet. a. BHRS included additional Assisted Outpatient Treatment (AOT) data as requested by the board, referred to the 2019/20 fiscal year data. b. BHRS is working on adding more Substance Use Disorders Treatment (SUDT) information; SUDT is currently in the middle of an electronic health records switch so it is only pulling current data, but will have more data by next month. B. Budget Update I. BHRS is continuing to watch the budget, and how it will be	Board Action:
	impacted overall due to COVID and the fires. Hopeful realignment dollars stay consistent this year. II. BHRS closed the Mental Health Services Act (MHSA) Request for Proposals (RFP) for CSS and PEI. Currently in process of reviewing those, BHRS Director will work with Chair Rich and Member Fuentes to help review the RFP's. a. There are also 2 other RFP's out for the	

	Administrative Services Organization (ASO) and the	
	Crisis Residential Treatment facility, and a Request	
	for Qualification for a Psychiatric Health Facility.	
	Conferences for bidders are being hosted this week	
	and next week, they all close in November.	
	III. BHRS continues to run the warm line Monday-Saturday	
	from $7:00 - 6:30$ PM.	
	IV. Discussion on the new suicide prevention flyer created in	
	both English and Spanish. This will be used for the	
	billboards planned for Hwy 101 and Hwy 20. The flyer is	
	available on all social media accounts and on the BHRS	
1 10	website; if any members are interested in obtaining copies,	
	Lili can print and mail them.	
77 — 10 27 — 11	V. In the last count in early September, there were 25 suicides	
	total so far this year.	*
	C. Community Support Groups	
	I. BHRS community support groups are available to the entire	
	community for free. Groups include karaoke, talking circle,	
	red road, as well as a few Spanish groups. BHRS will	
	continue to expand in the next couple of months.	
	a. BHRS now also has social media platforms on	
	Twitter, Facebook, and Instagram.	
	III. Discussion on overdose data: BHRS Director Miller wants	
	to collect additional data on overdoses. In 2019 there were	
	39 overdoses; in 2020 there have been 16 to date.	
	a. Discussion on obtaining tribal suicide and overdose	
	data. Member Martinez shared BHRS would need to	
	get in contact with the tribe department of social	
	services to obtain, but it is up to the tribal council to	
	release this information.	
	b. Youth have access to the Warm Line, prevention lines,	
	and counselors in schools. As part of a new grant, there	
	will be more mental health services available to	
	schools	
	c. Discussion on how to best spread and share flyers to	
	do more outreach in the community including	
	restaurants, hotels, schools, etc. Member Bradley will	
	follow up with Jenine to provide feedback and contact	
ĺ	information on how to do more outreach.	
6	Mental Health Services Act (MHSA) Quarterly Update: Karen	
6. 15 minutes	Lovato, BHRS Acting Deputy Director	
15 minutes	Lovaio, DIIKO Acting Deputy Director	
*	A. Karen Lovato, BHRS Acting Deputy Director joined the board	
	to give an MHSA quarterly report update based on data collected	
	from fiscal year 2019/20.	
	I. MHSA is the millionaire's tax passed in 2004; it takes 1	
	percent from millionaire's taxes and diverts them for funding	
	mental health services.	
	a. There are 5 different components to MHSA:	
	Community Services and Supports (CSS), Prevention	
	and Early Intervention (PEI), Innovation (INN),	

	Workforce Education and Tracking (WET), and Capital	
	Facilities and Technology needs.	
		g by Bull of grant of grant
	designated for projects that are new and funding must	
	be approved by the state.	
	c. Karen explained the county is required to hold a	
	community planning process to get community	u 21
	stakeholder involvement in MHSA programs. MHSA	
	holds forums every other month targeted to reach out to	
	different populations of stakeholders to get feedback.	
	d. CSS is the largest category in MHSA, and is broken	
	into 3 further different types of services: Full Service	
	Partnership (FSP), general system development, and	
	outreach and engagement. FSP is meant for clients with	
	the highest needs and most severe symptoms. CSS also	
	has the capacity to have a certain percentage redirected	
	to continue workforce education and training, capital	
	facilities and technology component, and also to put	
	away as prudent reserve. The prudent reserve this year	
	has been impacted by COVID this year, and many	
	counties have had to use prudent reserve dollars to	
	sustain existing programs.	
	e. PEI has 6 categories: prevention services, early	
	intervention services, outreach, stigma and	
	discrimination reduction, access and linkage to	
	treatment, and suicide prevention.	
	f. PowerPoint slides presented on age, ethnicity, and	
	gender data for CSS and PEI services for fiscal year	
	2019/20. The current Mendocino County census only	
	designates the population as male or female but	
	programs do question non-binary genders.	
	g. BHRS currently has 2 innovation projects underway,	
	the Rounds Valley project, and the Healthy Living	
	Community Innovation Project.	
	h. All MHSA service providers are expected to continue	
	delivering services through COVID, within the context	
	of the public health orders. Services have adapted to	
	individualized, zoom, and telehealth based services.	
	There has been an impact on MHSA revenues due to	
	the delay in collecting taxes, so contracts will be	
	reduced by 15 percent in FY 20/21.	
	i. Once the MHSA RFP contracts are awarded, the	
	MHSA three year plan will be updated. This plan will	
	be presented to the BHAB for input and approval	16
	before going in front of the BOS.	D 1.1.
7.	RQMC Report:	Board Action:
10 minutes	A. Data Dashboard Questions	p P P P P P P P P P P P P P P P P P P P
	I. Data dashboard included in agenda packet.	
	B. Services Update	
	I. Data dashboard shows crisis support numbers were down in	

	other months in previous years. There was an increase in	
	crisis outreach, which is a sign people were not accessing	
	crisis support unless they absolutely needed to.	
	II. About one third of people seen in crisis are not Medi-Cal	
	beneficiaries but rather Medicare, private insurance or	
	indigents.	
	III. Camille continues to be concerned with the low numbers in	
	the children's system of care. RQMC had a meeting with	
	MAC providers to discuss outreach and engagement, and	
	also a PCCY meeting with schools to talk about how to	
	help them connect. All three agencies have volunteered to	
	support schools on an emergency basis to have access to	
	clinical staff if they don't have any upon immediate need.	
	They can call RQMC to set up a clinic, and should help	
	gain connection.	
	IV. RQMC will provide a new re-entry report, service delivery	
	narrative, and outreach and engagement support report (by	
	program) next month.	
	V. Discussion on the challenges telehealth presents for	
	younger kids, compared to how teenagers have adapted to	
	it. RCS wrote a grant for internet access and subscription	
	for general population kids, have not heard back yet.	
	VI. RQMC has been working with providers to respond to the	
	MHSA RFP, and also actively engaged in the ASO contract	
	due November 5 th .	
	VII. Medication management has been going well in Fort	
	Bragg with the services of Dr. Goodwin, Dr. Timme, Larry,	
	and a nurse practitioner.	
8.	Board Reports and Possible Action:	Board Action:
