Planning & Building Services

Good Afternoon,

We are the owners of Moir's Pool at 509 S State Street. We are not in favor of the proposed cannabis dispensary at 527 S State Street. There is not enough parking to accommodate such a business. When the medicinal cannabis office was there, parking was a continual issue, with folks using our parking lot on the Main Street side of our business. This creates inadequate parking access for our own customers.

Thank You For Your Consideration,

Don and Teresa Moir
