August 10, 2010

Mendocino County Grand Jury  
P.O. Box 939  
Ukiah, California 95482

Subject: Lobbies, Lawsuits and Legislation, A Russian River Watershed Report

Finding # 12- Disagree

The Millview County Water District is effectively managed, financially sound, and has sufficient capital reserves to fund planned improvements. All water district facilities are operated and maintained by licensed professionals and are in full compliance of established State and Federal water quality standards.

Recommendation #1

Not implemented. LAFCO should complete master service reviews for each district and agency before consolidation be recommended or approved.

Recommendation #2

Not implemented. MCWA operates under the authority and direction of the County Board of Supervisors. LAFCO is the appropriate agency to provide guidance for the consolidation of the water districts.

Recommendation #3

Not Implemented. Only the City of Ukiah can speak to operations and planned improvements within their jurisdiction. Alternative use of treated wastewater should include ground water recharge and storage.

Recommendation #4

Not implemented. This District has not seen the URRSA agreement. A JPA already exists operating as the Inland Water & Power Agency
