Mendocino County Grand Jury
PO Box 629
Ukiah, CA 95482

RE: Report Transmittal and Request for Responses

I would like to begin by thanking the members of the Grand Jury who interacted with my staff and me. We found you all to be evenhanded, interested in what we had to say and accommodating with our schedules. We feel your report is fair and accurate and appreciate your time in developing the report.

FINDINGS:

Finding 1: "The Community Development Commission consists of seven members, one appointed member from each Supervisory District and two tenant members. The monthly Commission meetings are held alternately in Ukiah and Fort Bragg during business hours. An annual meeting is held in Willits.

Response:

We believe what was meant was: "The Community Development Commission **Board of Commissioners** consists of seven members, one appointed member from each Supervisory District and two tenant members. The monthly Commission meetings are held alternately in Ukiah and Fort Bragg during business hours. An annual meeting is held in Willits."

We believe the insertion of "Board of Commissioners" makes this finding more accurate.

Finding 2: "The tenant Commissioners have difficulty attending the meetings. They face travel and time constraints."

Response:

We believe this finding comes from discussions about some past tenant Commissioners. This has included driving at night for some. None of our current tenant Commissioners have expressed having any problems with our meeting times or locations.
