Ms Waldman:

Pursuant to our phone conversation this date, I do not have a problem with the applicant's proposal - as long as there are no locational deviations from the the referenced plan view as depicted on drawing ATTACHMENT A; PAGE A-4 of the MENDOCINO HISTORICAL REVIEW BOARD STAFF REPORT DTD JUNE 7 2021. The proposed structure on the east side of their existing structure will not interfere with my line of sight or obscure my view or privacy.
