Good afternoon!

My name is Liz Gibson and I own a property at 44700 Jackson St, Mendocino, next door to James and Erin Shannon. I have loved watching them care for and love their home. It is absolutely charming and well cared for now, it is just lovely!

I am writing to express my full support for their request to build a water tower on their property. A water tower will add even more charm and function for them. Additionally, water towers are historically correct in Mendocino and lovely to see them sprinkled throughout the community.

I am unable to attend via phone, but want to express my support and enthusiasm in this endeavor for the Shannons.

Please feel free to contact me if there is a question, phone, text or email.

Thank you for the opportunity to offer support.

Liz Gibson
