Hi Jessie,

Thank you for your work on the updated memo. It looks great and we really appreciate all of the coordination!

There are a few typos that may need to be corrected before being incorporated into the deed restriction:

Page 2, 6th paragraph: There are quotation marks after *including any proposed mitigation fencing*, however that is not a direct quote from the report.

Page 4, 20c: ...”fence shall be maintained as open space, ~~as~~ native habitat....

20d: ...”during winter and then regrow and ~~get~~ go to seed that following year.

Page 6, 23viii: There is a duplicate “Potential impact to Headland Wallflower....” (It is repeated on two lines.)

Page 7, 23ix: “converted to native ~~habit~~ habitat.”

Thanks!
