Response to Methamphetamine Report 2005-06

Though the County Office of Education was never interviewed for this report, I generally agree with the findings numbered 1-19 and with Recommendations 1-7 and 9-10.

With regard to recommendation number 8 the schools in Mendocino County and specifically the Mendocino County Office of Education are currently involved in the following projects:

Wolf Project- Round Valley

WAVE- Anderson Valley

Safe & Drug Free Schools and various committees countywide which support drug use prevention programs

The Mendocino County Office of Education works with school districts, and other local government agencies such as the County's AODP and Drug Court to name a few. In addition, we work with all of the communities to reduce Methamphetamine use and we engage in educating students, parents, business and community leaders on a regular basis.

If you have any further questions, please contact me at 707-467-5001.

Sincerely,

Paul A. Tichinin

Mendocino County Superintendent of Schools
