Planning & Building Services

To the Coastal Permit Administrator,

I am writing in regards to the notice I received regarding the proposed replacement of the failed water tank on my street, Sunset Drive, north east of Anchor Bay.

I am a customer of North Gualala Water Company, and I am fully supportive of the proposed water tank and piping replacement AND the addition of more fire hydrants. I can think of no reason whatsoever to not move this forward - the additional fire hydrants potentially benefit even non-customers who are on well water. I am hopeful that this permit will be approved quickly so that this project can be moved forward.

Thank you,  
William Nieser
