Subject: Mendocino Historical review board meeting Nov 1. 637701639651788678

Mendocino County

OCT 29 2021

Planning & Building Services

Esteemed Review Board Members and all in attendance

It came to my attention that I was not in compliance with historical mandates. I was not notified, but upon seeing MHRB_2021-0014, upon my own accord, made myself compliant, to the best of my understanding. Metal animals will no longer be displayed outside and sandwich board has been removed.

It is always my intention to serve the community to the best of my ability. I'd also like to say that I was not notified of these infractions. I appreciate your discretion and if there is ever any services we can provide, please let us know.

Respectfully
Michael Gordon

It came to my attention that I was not a compliance with the
mandate I was not notified, but upon seeing 4/18/21 2021-2021 upon my
own account, made myself contingent to the best of my understanding. Most
units will no longer be displayed outside and removed. Board has been
removed

I'd also like to say that I was not notified of these information. I
appreciate your discretion and if there is even any services we can provide,
please let us know

Respectfully,
