**PAST MHRB PERMITS:** 2016-0018 (invalid); 2021-0003 Single-Family Residence

**MENDOCINO TOWN ZONING CODE AND HISTORIC ORDINANCE STANDARDS:** The Mendocino Historical Preservation District Ordinance provides standards for the Review Board to consider when reviewing applications (MCC Section 20.760.050). Relative to this application, the following issues are raised and should be addressed:

Building Size, Height, Proportions and Form	Roof Shape
Relationship of Building Masses and Open Spaces	Color(s)
Relationship to Surrounding Structures	Sign Size
✓ Materials and Textures	Number of Signs
✓ Architectural Details and Style	Placement/Location
Facade Treatment	Lighting
✓ Proportions of Windows and Doors	Paving/Grading
Landscaping	

**APPLICABLE SECTIONS OF MHRB GUIDELINES:** Site Development Guidelines (pages 6-7); Structural Guidelines (pages 7-10), and Non-Structural Guidelines (pages 10-12).

**APPLICANT'S STATEMENT:** Proposed project revisions to MHRB approved plans include: 1 remove hallway/gallery deck (-24 SF); 2 enlarge hallway/gallery (+11 SF); 3 covert hallway/gallery south door to window to match north window; 4 enlarge pump shed from 36 to 48 SF; [5 is missing from the list]; 6 add 24 SF Mech CI to west elevation; 7 convert windows #V and #P to fused glass (instead of clear glass); 8

change window #1 to double-hung wood window (instead of glider window); and 9 add copper gutters as shown on plans.

Previously approved exterior materials are all clear finished wood materials with painted wood window frames. Previously approved window-frame trim color is from the Benjamin Moore historic collection and "Weston Flax" or HC-5.

**STAFF NOTES:** The applicants have applied for building permits to construct the home approved by the Review Board in April 2021 and the building plan set includes minor refinements to some windows, doors, decking and others. These changes were not a part of MHRB Permit 2021-0003 and unfortunately, Mendocino County Codes do not accommodate amendments to previously approved MHRB Permits. Therefore, the applicants are requesting the Review Board consider the changes shown in their application. Staff notes that with the revisions, the house and ancillary structures continue to satisfy development standards such as minimum yard depth, maximum height, and lot coverage.

**EXEMPTIONS:** As previously identified, the residence and ancillary structures may satisfy specified exemptions including MCC Sec. 20.760.040(A), (B), (D), (F), (J), (O), and others. See MHRB 2021-0003 Staff Report for additional details.

**RECOMMENDED FINDINGS:** The Review Board shall not approve or conditionally approve any application for proposed work unless it affirmatively makes the following findings:

- a) The exterior appearance and design of the windows and doors harmonize with the exterior appearance and design of other structures located within the District and with that of existing residence; and
- b) The appearance of the proposed windows and doors will not detract from the appearance of other property within the District as the design elements conform to the 1987 design guidelines.

**RECOMMENDED CONDITIONS:**

1. This action shall become final and effective on the 11<sup>th</sup> day following the Review Board's decision unless an appeal is filed pursuant to Section 20.760.072 of the Mendocino County Code.
2. The permit shall expire and become null and void at the expiration of two years after the effective date except where construction and or use of the property in reliance on such permit have been completed prior to its expiration.
3. The application along with supplemental exhibits and related material shall be considered elements of this permit, and compliance therewith is mandatory.
4. This permit shall be subject to the securing of all necessary permits for the proposed development from County, State and Federal agencies having jurisdiction. The applicant shall secure all required building permits for the proposed project as required by the Building Inspection Division.
5. This permit shall be subject to revocation or modification upon a finding of any one (1) or more of the following:
  - a. That such permit was obtained or extended by fraud.
  - b. That one or more of the conditions upon which such permit was granted have been violated.
  - c. A final judgment of a court of competent jurisdiction has declared 1 or more conditions to be void or ineffective, or has enjoined or otherwise prohibited the enforcement or operation of 1 or more such conditions.
6. To establish that site work satisfies the requirements of MHRB Permit 2021-0003 and the Review Board's action, the property owner shall request a Planning and Building Services Final Inspection prior

to the expiration of this permit. Prior to this MHRB Permit's expiration (if no Building Permit is obtained) and at the request of the property owner, PBS will furnish, following a site inspection of completed work, a functionally equivalent document demonstrating that the requirements of MHRB Permit 2021-0003 have been satisfied.

7. Any Building Permit request shall include MHRB Permit 2021-0003 and MHRB Permit 2021-0018 (printed on the plans submitted).
8. Exterior materials shall be clear finished wood with painted window frames. Window frame color shall be Benjamin Moore historic collection "Weston Flax," HC-5, or similar color in hue and brightness.
9. All exterior doors and window frames shall be made from wood. Exterior building materials shall not include use of imitation or synthetic materials, such as aluminum or vinyl siding, imitation stone, imitation brick, plastic laminated beams, concrete block or boards, stucco or asbestos shingles or panels, or plywood panels.
10. The 100-square-foot water storage tank shall be clad with 1-by-6 vertical wood surround.
11. The trash enclosure and propane tank shall be screened with wood, or by other similar means. Solid waste containers and the propane tank shall not be visible from the street and shall be located outside of the front yard.
12. Fences shall be made from wood. Solid fences are discouraged except where they are necessary for screening parking and storage. Chain link or metal fences, concrete block, plastic, fiberglass or plywood fences are prohibited. Concrete or smooth concrete block are prohibited. Fence material, location, and height are regulated by MCC Sections 20.692.015(E).
13. Walkways and driveways surfaces shall be of brick, flagstone, board, grass and gravel. Asphalt and concrete are prohibited. Major coverage of front yard setbacks is not allowed and shall be limited to areas shown on the approved site plan.
14. Prior to issuance of any building permit in reliance of this Permit, the property owner shall obtain a Categorical Exclusion from a Coastal Development Permit or obtain a Coastal Development Permit.
15. Driveway aprons and curb cuts may require an encroachment permit from MCDOT.
16. Trailers, RVs, Boats and other similar vehicles shall be stored within structures, e.g. garages, or off-site.
17. To eliminate conflicts between multiple permits, issued MHRB Permit 2016-0018 is no longer valid.

**PROJECT DESCRIPTION:**  
Demolish existing structures. Analysis conclusion: structures neglected beyond repair & built with substandard materials & techniques. Proposed project will comply with current code standards for setbacks in the Mendocino Town Residential Zone.

Proposed project includes a single family residence with attached water tower structure with wood tank above (363 sf total conditioned space) & 6 decks (see schedule sheet A1).  
Accessory structures include a 100-sf shed, propane tank, trash enclosure, (48 sf pump shed), 8" dia. water tank w/ wood screening & various wood fences.  
The light fixtures are shielded, downcast sconces, (see sheet A32 for specs) at each door.

Proposed project will remove existing substandard concrete, fill in underground voids, replace existing wooden fencing, construct a gravel driveway & flagstone pathway in landscaping.

**MENDOCINO HISTORICAL REVIEW BOARD PERMIT**  
Applicant: JULIE LOOK, JOHN CAVANAUGH, and DEBRA LENNOX  
Date: April 15, 2021  
Permit: MHRB # 2021-0003

On April 5, 2021, the Mendocino Historical Review Board granted JULIE LOOK AND JOHN CAVANAUGH this permit to demolish existing structures and construct a single-family residence, water tower, decks, shed and ancillary structures and located at 45270 Albion Street, Mendocino (APN 119-217-06).

**FINDINGS:** (A) The exterior appearance and design of the proposed work is in harmony with the exterior appearance and design of the existing structures within the District and with that of existing subject property within the District. (B) The appearance of the proposed work will not detract from the appearance of other property within the District. (C) The proposed work consists of demolition of an existing structure and the proposed work will not unnecessarily damage or destroy a structure of historical, architectural or cultural significance.

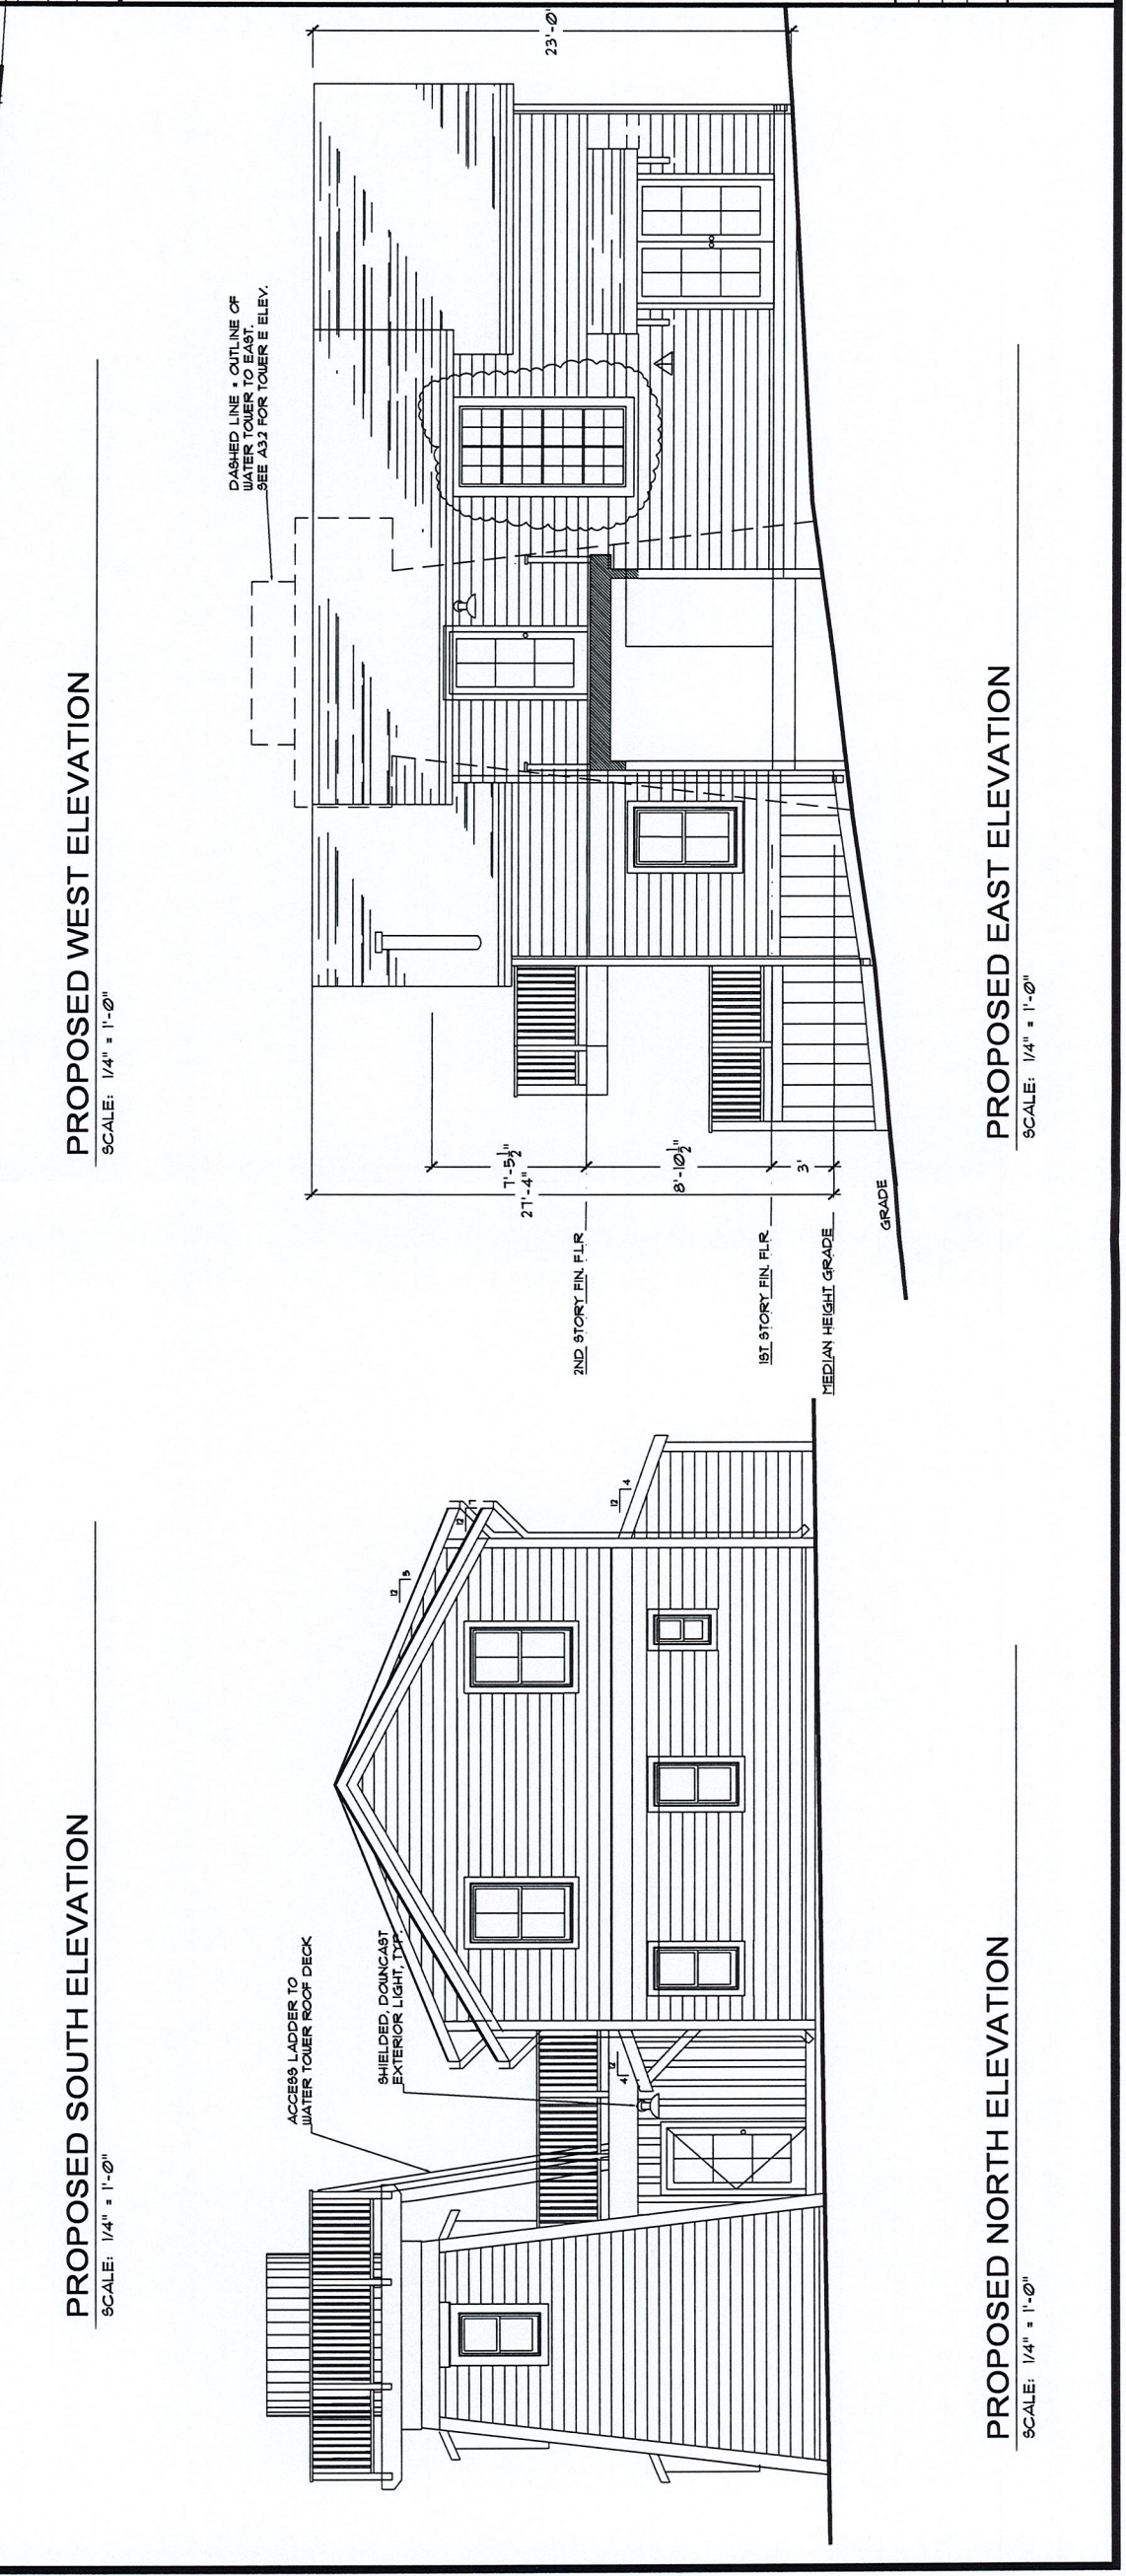

- CONDITIONS:**
- This action shall become final and effective on the 11<sup>th</sup> day following the Review Board's decision unless an appeal is filed pursuant to Section 20.760.072 of the Mendocino County Code.
  - The permit shall expire and become null and void at the expiration of two years after the effective date except where construction and/or use of the property in reliance on such permit have been completed prior to its expiration.
  - The application along with supplemental exhibits and related material shall be considered elements of this permit, and compliance therewith is mandatory.
  - This permit shall be subject to the securing of all necessary permits for the proposed development from the State of California, including but not limited to, all required Building Permits for the proposed project as required by the Building Inspection Division.
  - This permit shall be subject to revocation or modification upon a finding of any one (1) or more of the following:
    - That such permit was obtained or extended by fraud.
    - That one or more of the conditions upon which such permit was granted have been violated.
    - A final judgment of a court of competent jurisdiction has declared 1 or more conditions to be void or ineffective, or has enjoined or otherwise prohibited the enforcement or operation of 1 or more such conditions.
  - To establish that site work satisfies the requirements of MHRB Permit 2021-0003 and the Review Board's action, the property owner shall request a Planning and Building Services Final Inspection prior to the expiration of this permit. Prior to this MHRB Permit's expiration (if no Building Permit is obtained) and at the request of the property owner, PBS will furnish, following a site inspection of completed work, a compliance document demonstrating that the requirements of MHRB Permit 2021-0003 have been satisfied.
  - Any Building Permit request shall include MHRB Permit 2021-0003 (printed on the plans submitted).
  - Exterior materials shall be clear finished wood with painted window frames. Window frame color shall be Benjamin Moore historic collection "Weston Flax," HC-5, or similar color in hue and brightness.
  - All exterior doors and window frames shall be made from wood. Exterior building materials shall not include metal, aluminum, galvanized steel, plastic, fiberglass, or composite materials, concrete blocks or panels, or plywood panels.
  - The 100-square-foot water storage tank shall be clad with 1-by-6 vertical wood surround.
  - The trash enclosure and propane tank shall be screened with wood, or by other similar means. Solid waste containers and the propane tank shall not be visible from the street and shall be located outside of the front yard.
  - Fences shall be made from wood. Solid fences are discouraged except where they are necessary for screening parking and storage. Chainlink or metal fences, concrete block, plastic, fiberglass or plywood fences are prohibited. Fence material, location, and height are regulated by MCC Sections 20.682.015(E).
  - Walkways and driveways surfaces shall be of brick, flagstone, board, grass and gravel. Asphalt and concrete are prohibited. Major coverage of front yard setbacks is not allowed and shall be limited to areas shown on the approved site plan.
  - Prior to issuance of any building permit in reliance of this Permit, the property owner shall obtain a Categorical Exclusion from a Coastal Development Permit or obtain a Coastal Development Permit.
  - Driveway signs and curb cuts may require an encroachment permit from MCDOT.
  - Trailers, RVs, Boats and other similar vehicles shall be stored within structures, e.g. garages, or off-site.
  - To eliminate conflicts between multiple permits, issued MHRB Permit 2016-0018 is no longer valid
- Issued on behalf of the Mendocino Historical Review Board.
