Brief update:</p> <ul style="list-style-type: none"> - BHRS is working with law enforcement and other county partners 	<p>Board Action: None.</p>

	<p>to create an alert system in Mendocino County. It is a new program, there is no funding for it, but there is a plan to start it as a small pilot project. Coordination and collaboration will be huge to making this a success.</p> <ul style="list-style-type: none"> - CRT: almost done with licensing. Couple of minor things pending. The facility should be receiving its license any day now and will be able to start operating as soon as that happens. - BHRS continues to apply for different grants. Trying to create a mental health diversion program in Mendocino County. It is currently unfunded and it falls under the attorneys to help clients, so BHRS wants to create a more successful model. Recently submitted a grant application for a mentorship program in Mendocino County. This grant would allow to pay stipends for interns, and the interns would be able to rotate through various agencies. - BHRS received the EQRO audit draft report, will share the final version with the board once it is received. - Triennial audit: BHRS has been working on this massive State audit that happens every 3 years the last few weeks. The audit is scheduled for April 5 & 6, 2022. - Suicide awareness campaign: BHRS is working with NAMI on this campaign, if any board members would like to volunteer they are welcome to reach out to NAMI. Started the campaign to bring education to the community. Yard signs were created and NAMI has been getting those out to the community. Looking for peer models to get more peer involvement. Also working on 2 potential innovation projects with the Native community. - Manzanita Wellness Center community member comments: Suggestion for a jail advocate to help those in need get services when they are released from jail. Issues with accessing services through the Native communities. - Public comment follow up ad hoc committee will follow up. 	
<p>9. 5 minutes</p>	<p>RQMC Report: <i>Camille Schraeder, Redwood Quality Management Company</i></p> <p>A. Data Dashboard Questions</p> <ul style="list-style-type: none"> - Not provided in agenda. Will provide once it is completed. <p>B. Brief Update:</p> <ul style="list-style-type: none"> - RQMC has been busy working with BHRS on the triennial audit. - Providers continue getting and handling referrals. - Discussion about how to better take care of clients when they leave the jail. Crisis tries to do a warm hand off to a provider, but it depends what time they are being let out. - Getting response in the work force, although there are still numerous vacancies. 	<p>Board Action: None.</p>
<p>10. 15 minutes</p>	<p>Children’s System of Care: <i>Board Discussion and Possible Action.</i></p> <p>A. Ad Hoc Committee Formation</p> <ul style="list-style-type: none"> - Conversation regarding how the board can obtain more information on the mental health services currently being provided at local schools. There are various options including forming an ad hoc 	<p>Board Action: None.</p>

	<p>committee, doing site visits, or inviting guest speakers to BHAB meetings.</p> <ul style="list-style-type: none"> - Camille will provide a report on the services available as well as current grants currently in the works. - Suggestion to invite UUSD Superintendents to a future meeting. - The board will not create an Ad Hoc committee at this time, but will invite speakers and request reports throughout the year. 	
<p>11. 15 Minutes</p>	<p>Felony Restoration: <i>Discussion and Possible Board Action.</i></p> <ul style="list-style-type: none"> - John Wetzler joined the meeting to present on this item. - Jail felony restoration program update: Naphcare currently does their own felony restoration program. J Holden has been working with the county to do misdemeanors but that will come to an end soon. For anyone sentenced as of January 1, 2022 there is a whole new process. A competency program for the misdemeanor program was started by J Holden 6-8 years ago, but that will be coming to an end due to misdemeanor law changes. The new process will be either mental health diversion, AOT, or LPS conservatorship. Once a person is declared incompetent to stand trial, judges will now decide if they qualify for MH diversion, AOT, or make a recommendation to determine LPS conservatorship. - Mr. Wetzler’s report regarding his daughter, her history, and a CA State Supreme Court finding that addresses the problems in the jails: - A copy of a letter from California Assemblymember Jim Wood to Mr. Wetzler is included in the agenda packet. - Mr. Wetzler shared that his daughter lived a normal life until 27 years old, then was diagnosed with schizophrenia. She ended up in jail and was determined to be incompetent to stand trial. Mr. Wetzler’s daughter was remanded to a state hospital in Napa, but there was not a bed available. She spent 125 days in county jail as there were no beds available. Was released to a bed in Napa, when she came out of hospitalization, she was doing very well. 4.5 months later she stopped taking her meds and is currently back right to where she started. She has refused any mental health services available to her. - CA State Supreme Court decision issued a ruling that states that holding a defendant in local county jails that have been deemed incompetent to stand trial is a cruel and unusual punishment, thus unconstitutional. These defendants usually spend months incarcerated often in solitary confinement separated from jail population awaiting a bed in the state hospital system. - Mr. Wetzler’s suggestion is to increase the number of beds in the state hospital system because they do a great job. He encourages the board and community to write a letter to state representatives and start a campaign regarding the need for more psychiatric beds in state hospitals. - Camille Schraeder: if jail entry reason is street drugs, should be dealt as a co-occurring disorder. When severely mentally ill clients stop taking meds, we need some barrier to force/coerce/strongly recommend that they get help through psychiatry, med support etc. 	<p>Board Action: None.</p>

	<p>They should not be released freely without first being connected to services.</p> <ul style="list-style-type: none"> - Before the board writes a letter, they would like additional information before taking action. 	
<p>12. 15 Minutes</p>	<p>Crisis Update Regarding Out of County Clients: <i>Discussion and Possible Board Action.</i></p> <ul style="list-style-type: none"> - Sarah Livingston joined the board to provide an update on crisis. - Sarah reports that since COVID crisis has become much more diversible. They are responding more and more to sister agencies and clinics as well as law enforcement. - Jan. 16 – Feb. 16 had 202 calls, 39 of those calls were law enforcement. - Crisis meets with the jail and jail discharge planner every Monday to identify individuals that need support upon discharge. They also identify those that will more than likely need a crisis intervention upon release. Those individuals are flagged and when they are released, crisis is contacted. Crisis responds to the jail, they try to do it earlier in the day to connect them to appropriate services. They also arrange that medications are accessible upon release with the jail. - Out of county contacts: About 6-8 people/month from Lake County come to Mendocino County to access services. Some of the challenges and reports they are hearing from parents and citizens that they do not have services in their county. So they are coming to the Ukiah hospital to receive help. While it is not a lot of individuals, it is quite time consuming and has a huge financial impact. - Camille Schraeder: Camille will be requesting to the BH Lake County Director to allow RCS, who has a contract for services in Lake County, to provider crisis intervention services to Lake County residents and bill for the service, as this is a significant issue. Camille comments counties need to be able to take care of their residents. - Short Doyle is what is required if an individual is going to be placed in psychiatric facility and cannot guarantee insurance or they do not have insurance. In these instances, Mendocino County writes and signs a letter assuring Mendocino County will pay for that hospitalization cost (guaranteeing payment) if it is the only way for the individual to get treated even if they are not a Mendocino County resident. Medi-Cal reimbursement is not guaranteed and in many instances, Mendocino County does not get reimbursed for the realignment share of cost. - RQMC will provide a report of the numbers so the board can have a better understanding of the financial impact this has on Mendocino County. 	<p>Board Action: None.</p>
<p>13. 15 Minutes</p>	<p>Follow Up on CalAIM and Services to the Mild to Moderate: <i>Discussion and Possible Board Action.</i></p> <ul style="list-style-type: none"> - Tabled. 	<p>Board Action: None.</p>

<p>14. 3 Minutes</p>	<p>Member Comments:</p> <ul style="list-style-type: none"> - Member Martinez thinks this year will be very productive and is very appreciative of all board members who continue to show up and do work. 	<p>Board Action: None.</p>
<p>15. 2 minutes</p>	<p>Adjournment: 12:41 PM</p>	<p>Board Action: Motion made by Member Martinez, seconded by Member Bradley to adjourn the meeting.</p>

FLOW OF DEFENDANTS THROUGH THE MENDOCINO COUNTY SYSTEM

The following flowchart is an example of how a person involved in the justice system in Mendocino County flows through the system – from the moment police receive a mental health call for service to the person’s admission to jail and, subsequently, to his or her release from jail and connection to community-based treatment, services, and supervision. The Mendocino County Stepping Up Committee created the Intercept Map to identify opportunities to improve and identify gaps.

Redwood Quality Management Company (RQMC) is the Administrative Service Organization for Mendocino County-providing management and oversight of specialty mental health, community service and support, and prevention and early intervention services. RQMC and its contracted providers (Manzanita, MCAVHN, Hospitality, MCYP, RCS, and Tapestry) use a single Electronic Health Record (EHR), EXYM to pull the data used in this report. The data is reported by age range, along with a total for the system of care (either youth or adult) as well as the overall RQMC total. This will assist in interpreting how different demographics are accessing service, as well as assist in providing an overall picture of access and service by county contract (youth, young adults, and adults). Our goal is to provide the Behavioral Health Advisory Board with meaningful data that will aid in your decision making and advocacy efforts while still providing a snapshot of the overall systems of care.

Advocacy

Local Advocacy:

“The Rules”, “The Tools” & “Tips on addressing local leaders”:

www.calbhbc.org/advocacy

Statewide Advocacy:

CALBHB/C's Governing Board supports legislation and budget items in response to issues reported from CA's 59 local mental/behavioral health boards & commissions, providing written and in-person advocacy. Top issues are included in our [Annual Goals](#) document, item C.

Join with us by writing to your legislators after reviewing "[Understanding your Role](#)" (next page).

Advocacy Continued: **Understanding your Role**

1. **As Individuals:**
Individuals can and should write to their state legislators! Legislators especially appreciate hearing from residents within their districts.

2. **As Advisory Bodies:**
Local mental/behavioral health boards/commissions are in an advisory role. In most counties, legislative advocacy is handled through the Board of Supervisors / Executive Office. Boards/commissions may wish to recommend specific legislation to their Governing Body (in most cases Board of Supervisors) and MH/BH Director (the BH Directors also advocate through their statewide association, County Behavioral Health Directors Association (CBHDA)).

**RESOLUTION OF THE MENDOCINO COUNTY BEHAVIORAL HEALTH ADVISORY BOARD
AUTHORIZING REMOTE TELECONFERENCE MEETINGS OF THE LEGISLATIVE BODIES
OF THE BEHAVIORAL HEALTH ADVISORY BOARD
PURSUANT TO THE RALPH M. BROWN ACT**

WHEREAS, all meetings of the **Behavioral Health Advisory Board** and its legislative bodies are open and public, as required by the Ralph M. Brown Act (Cal. Gov. Code §§ 54950 – 54963), so that any member of the public may attend, participate, and view the legislative bodies conduct their business; and

WHEREAS, the Brown Act, Government Code section 54953(e), makes provisions for remote teleconferencing participation in meetings by members of a legislative body, without compliance with the requirements of Government Code section 54953(b)(3), subject to the existence of certain conditions; and

WHEREAS, on March 4, 2020, Governor Newsom issued a Proclamation of a State of Emergency declaring a state of emergency exists due to the outbreak of respiratory illness due to a novel coronavirus (a disease now known as COVID-19), pursuant to the California Emergency Services Act (Government Code section 8625) and that State of Emergency is still in effect in the State of California; and,

WHEREAS, as of the date of this Resolution, neither the Governor nor the state Legislature have exercised their respective powers pursuant to Government Code section 8629 to lift the state of emergency either by proclamation or by concurrent resolution the state Legislature; and,

WHEREAS, the California Department of Industrial Relations has issued regulations related to COVID-19 Prevention for employees and places of employment. Title 8 of the California Code of Regulations, Section 3205(c)(5)(D) specifically recommends physical (social) distancing as one of the measures to decrease the spread of COVID-19 based on the fact that particles containing the virus can travel more than six feet, especially indoors; and,

WHEREAS, the Mendocino County Public Health Officer continues to recommend teleconferencing during public meetings of all legislative bodies to protect the community's health against the spread of COVID-19; and

WHEREAS, the **Behavioral Health Advisory Board** finds that state or local officials have imposed or recommended measures to promote social distancing based on the Mendocino County Public Health Officer recommendation and the California Department of Industrial Relations' issuance of regulations related to COVID-19 Prevention through Title 8 of the California Code of Regulations, Section 3205(c)(5)(D); and,

WHEREAS, as a consequence, the **Behavioral Health Advisory Board** does hereby find that current conditions meet the circumstances set for in Government Code section 54953(e)(3) to allow this legislative body to conduct its meetings by teleconferencing without compliance with Government Code section 54953 (b)(3), pursuant to Section 54953(e), and that such legislative body shall comply with the requirements to provide the public with access to the meetings as prescribed by Government Code section 54953(e)(2) to ensure the public can safely participate in and observe local government meetings.

NOW, THEREFORE, BE IT RESOLVED BY THE **BEHAVIORAL HEALTH ADVISORY BOARD** as follows:

Section 1. Recitals. All of the above recitals are true and correct and are incorporated into this Resolution by this reference.

Section 2. Current Conditions Authorize Teleconference Public Meetings of Legislative Bodies. Based on the California Governor's continued declaration of a State of Emergency, the Mendocino County Public Health Officer's recommendation to continue teleconferencing, and the regulations issued by the California Department of Industrial Relations, the **Behavioral Health Advisory Board** finds that the conditions continue to exist pursuant to Government Code section 54953(e)(3) to allow legislative bodies to use teleconferencing to hold public meetings in accordance with Government Code section 54953(e)(2) to ensure members of the public have continued access to safely observe and participate in local government meetings.

Section 3. Remote Teleconference Meetings. The **Behavioral Health Advisory Board** is hereby authorized to take all actions necessary to carry out the intent and purpose of this Resolution including, conducting open and public meetings in accordance with Government Code section 54953(e)(2) and other applicable provisions of the Brown Act.

Section 4. Effective Date. This Resolution shall take effect immediately upon its adoption.

The foregoing Resolution introduced by _____, seconded by _____, and carried this ____ of ____ 2022, by the **Behavioral Health Advisory Board**, by the following vote:

AYES:

NO:
