Madrone House is also being used for crisis diversion. In the South Coast, there were 28 client referrals to addiction treatment services in 2021. ○ Mendonoma has an anti-stigma campaign that includes videos of personal stories of community members who have overcome addiction. ○ They provide substance use disorder prevention by going to schools and teaching students about drugs and how to make good decisions. 	<p>Board Action: None.</p>

Redwood Quality Management Company (RQMC) is the Administrative Service Organization for Mendocino County-providing management and oversight of specialty mental health, community service and support, and prevention and early intervention services. RQMC and its contracted providers (Manzanita, MCAVHN, Hospitality, MCYP, RCS, and Tapestry) use a single Electronic Health Record (EHR), EXYM to pull the data used in this report. The data is reported by age range, along with a total for the system of care (either youth or adult) as well as the overall RQMC total. This will assist in interpreting how different demographics are accessing service, as well as assist in providing an overall picture of access and service by county contract (youth, young adults, and adults). Our goal is to provide the Behavioral Health Advisory Board with meaningful data that will aid in your decision making and advocacy efforts while still providing a snapshot of the overall systems of care.

WHEREAS, all meetings of the **Behavioral Health Advisory Board** and its legislative bodies are open and public, as required by the Ralph M. Brown Act (Cal. Gov. WHEREAS, the California Department of Industrial Relations has issued regulations related to COVID-19 Prevention for employees and places of employment. Title 8 of the California Code of Regulations, Section 3205(c)(5)(D) specifically recommends physical (social) distancing as one of the measures to decrease the spread of COVID-19 based on the fact that particles containing the virus can travel more than six feet, especially indoors; and,
