Dear county planning department,

I am a resident of Ray's road in Philo and I am reaching out to you with regards to the project AP 2021-0010 which demands permission for building a venue with loud music and possibility of hosting a large group of people. My family and I are highly attached to the quiet and peaceful surroundings of our neighborhood. We are fiercely opposed to the loud music/sound nuisance and probable presence of intoxicated individuals in our neighborhood.

I would like to ask you to attach a copy of this email to the application before it gets reviewed.

Regards,

Emile Richard
