The MHSA & QIC teams welcome consumers, family members, providers, counselors, community members, and any who wish to attend. This is an opportunity to give feedback on what is working and suggestions on what can be improved upon within the Behavioral Health System of Care for your behavioral health needs.

Individuals may also talk about their personal experiences.

The MHSA Forum/QIC meeting is similar to a Town Hall meeting. It is your opportunity to learn more and provide feedback about the programs being offered and that are needed to address mental health within Mendocino County. Your input helps shape the future of behavioral health programs.

Mendocino County Behavioral Health and Recovery Services Quality Assurance department oversees Redwood Quality Management Company's (RQMC) delivery of specialty mental health services. The Mental Health Services Act team oversees all programs and outreach services pertaining to the MHSA.
