I am writing to urge you to deny the permit for AP 2021-0010, which asks to be allowed to hold large, loud, outdoor events in a quiet residential neighborhood on a narrow country road. The road itself is very narrow, poorly maintained and will not accommodate the increased traffic this would bring. It is often necessary to pull over to the side to allow another car to pass or to avoid big potholes. The neighborhood is a quiet residential neighborhood with many families and older people living there and would like to remain so. This is not an appropriate place for this type of business. Please do not grant this permit.
