Hello Russell,

Thank you for following up on the canceled agenda item on 12-12-2023 . I received your letter dated of January 24, 2023; Notice of Public Hearing set for February 9, 2023 at 13:30.-

I also reviewed the public comments submitted by John Allison and Rebecca Picard, and I fully concur and support their recommendations as presented. I believe this presents full consensus from the affected landowners on this agenda item. If you need this in writing and mailed to your office prior to the 2-9-2023 meeting please let me know.

Thank you
Jay Bevard

Good morning Jay.

I was responding to a separate comment on this project and it looks like I've never responded to this email. I apologize if I've missed it; yes, this project was rescheduled to the February 9th ZA meeting along with a handful of other road names. That agenda page can be viewed [here](#).

Let me know if you have any questions or need additional information.

-Russ

Hello Mr. Ford,

I see this item was not included on 12-12-2023 agenda. I logged on to the Zoom Meeting to confirm, because the County Website listed the agenda as January 12, 2022. I had a microphone issue, so my apologies to the attendees for any delay incurred.

Would it be fair to assume this will be on the next Zoning Admin meeting in February?

Good afternoon Jay.

This project is currently scheduled for review by the Zoning Administrator Thursday, January 12TH 2023. Staff's current recommendation is to adopt the name *Westport Way* for this currently unnamed frontage road. Another property owner has suggested the name *Shoreline Drive*, which would also be acceptable. The ZA also has the option to reject the proposal entirely and leave the road unnamed, but given the recent prioritization of emergency services and specifically fire response, that option seems less likely.

About 10 days prior to the meeting, a copy of the agenda and staff packet will be posted on the Planning & Building website [here](#). It will provide contact information should you wish to add comment to the project, and also a Zoom link or phone number if the meeting is broadcast (we may be going back to in-person meetings by then).

Let me know if you need any other information.

-Russ

Mr. Ford,

Can you brief me on the status of the proposed name change as referenced in your attached letter of Oct. 6, 2022. I travel extensively and often don't receive snail mail for weeks.

Thank You,
Jay Bevard
