Will do Bill.

On another note - don't you find it ironic that the County is using A-frame signs in town to let people not to park on the 4th? A-frame signs, really????!

Dear Ian:

We will not be present at the July 10 meeting.

Please read the following message on our behalf:

Mendocino is fundamentally a Historic Preservation District.

Other than circus tents erected for the occasional week, there is no historical basis for semi-permanent tents in a historic preservation district.

Has Mendocino become a circus?

Further, the use of tents expands the number of meals restaurants serve—and the amount of precious water they consume.

When we run out of water, who pays to replace it?

Finally, if the MHRB allows Tony Graham this 2-year extension it is establishing a precedent that will perpetuate itself.

Thank you,

Bill and Lynette Zimmer
