Dear Board Members,

RE: 10550 Lansing Street Barn Door Removal

I was very disappointed by your decision to allow Aum to replace the barn door with a typical storefront. Now it will look like any other building with no resemblance to a barn/livery stable.

When I purchased my home fourteen years ago, the MHRB required me to keep the "California Cooler" as it was part of the history of the village. I was more than happy to do so even though it wasn't visible from the street. I mention this as it's an example of 'preserving history' that the MHRB is required to oversee.

Once these historical architectural pieces, no matter how large or small, are gone, it's forever.

Thanks for serving on the board.

Phyllis Coppage
