Dear Commissioners,

We are writing to express my strong support for the proposed cell phone tower by Telespan Communications. My name is Shuchi Mathur , and our residence is at 14850 Navarro Way in Manchester, CA. It is extremely challenging to communicate while living here due to the lack of reliable cell phone coverage in our area.

Currently, we experience little to no cell phone reception, which presents significant challenges, especially during emergencies. Reliable cell coverage is not just a convenience; it is a critical necessity for ensuring the safety and well-being of our residents and visitors, particularly along our remote stretch of Highway 1.

I urge the Commission to approve this project, as it will greatly enhance the quality of life in our community, improve emergency response capabilities, and provide much-needed connectivity in an area that has long been underserved.

Thank you for your attention to this important matter. Your consideration and support for this project are greatly appreciated.

Sincerely,

Amit Shivnani & Shuchi Mathur

14850 Navarro Way

Manchester, CA 95459
