Dear Commissioners,

I am writing to express my strong support for the proposed cell phone tower by Telespan Communications. My name is Jaskarn Chandel and I reside at 14750 Navarro Way in Manchester, CA. As a new resident of Irish Beach/Manchester, I have been aware of the challenges the community faces with coverage

Currently, we experience little to no cell phone reception, which presents significant challenges, especially during emergencies. As a firefighter I can attest to the importance of reliable communication as a crucial part of prevention and response. Reliable cell coverage is not just a convenience; it is a critical necessity for ensuring the safety and well-being of our residents and visitors, particularly along our remote stretch of Highway 1.

I urge the Commission to approve this project, as it will greatly enhance the quality of life in our community, improve emergency response capabilities, and provide much-needed connectivity in an area that has long been underserved.

Thank you for your attention to this important matter. Your consideration and support for this project are greatly appreciated.

Sincerely,

Jaskarn Chandel

14750 Navarro Way

Manchester, CA 95459
