Commission

I am opposed to the zoning code update to allow “hip camps” in residential areas.

This is a very ill conceived idea and it will affect everyone in Mendocino county.

I don’t have to go into all the reasons why. They have been sufficiently stated by many residents. To name a few safety, fire, sanitation, noise, road maintenance, water. I could go on and on.

This is clearly over reach by a few unelected commissioners.

This is an item that should be resolved at the ballot box in November. I sincerely hope we will have the opportunity to vote on this zoning issue. That is what democracy is all about.

Sincerely
