Dear Commissioners,

I am writing to express support for the proposed cell phone tower by Telespan Communications.

My name is Scott Minaker, and I reside at 15061 Mallo Pass Drive in Manchester, CA.

As a resident of Irish Beach/Manchester, I can personally attest to the challenges our community faces due to the lack of reliable cell phone coverage in the area.

Currently, we experience little to no cell phone reception, which presents significant challenges, especially during emergencies. Reliable cell coverage is not just a convenience; it is a critical necessity for ensuring the safety and well-being of our residents and visitors, particularly along our remote stretch of Highway 1.

I urge the Commission to approve this project, as it will greatly enhance the quality of life in our community, improve emergency response capabilities, and provide much-needed connectivity in an area that has long been underserved.

Thank you for your attention to this important matter. Your consideration and support for this project are greatly appreciated.

Sincerely,

Scott Minaker
