**Subject:** Support for Telespan Communications' Cell Tower Proposal

"U2023-0005 - Telespan Communications"

Dear Commissioners:

We are writing to express our support for the proposed cell phone tower by Telespan Communications.

We reside in Irish Beach/Manchester, and we can personally express the difficulties that our community faced due to the lack of reliable cell phone coverage in our area.

I had to get rid of my Verizon service because of coverage issues, and I was quite shocked to do so knowing that Verizon has extremely good national wide coverage. For quite some time, we have been having signal issues which can be quite frustrating when you need to make an important calls.

We support the Commissioners to go forward with this project, as it will significantly create less stress in our community.

Thank you for considering this proposed tower for our area which we truly need.

Warm regards,

Neil and Michelle Strand

44860 Arena Court  
Manchester, CA 95459
