

FIGHT THE FLU!

EARN 2,000 INCENTIVE POINTS WITH A **FREE FLU SHOT**

During the month of October MCWOW is partnering with Public Health to provide **FREE** onsite flu shots to all County employees AND their covered spouse/domestic partner on the County health plan.

Can't make it to an onsite clinic? Flu shots are now covered by the County health plan at your local pharmacy, and they are also available at walk-in clinics at Public Health.

This year, we've made it even easier for you to participate. You can now **self-attest** to having received your flu shot, whether at one of our clinics or elsewhere. Simply complete the self-attestation form, and your points will be automatically credited.

Flu shots are "Okay for County Time" with supervisor approval. Space is limited — register today!

Schedule Your Appointment Today!
