Subject: 11/7 discussion regarding Transient Camping
Date: Saturday, November 2, 2024 11:30:17 AM

Caution: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

It is my understanding that the commission will be discussing Transient Habitation Low Intensity Camping at the 11/7/24 meeting. It is also my understanding that a property owner in our area is possibly applying for short term commercial campsites on their property.

Please be advised that I am against this in our neighborhood. We all have properties consisting of one, two and possibly three acres of land here on the coast. Some properties are heavily wooded and most do not have natural flat areas. Camping in this area would require regrading to allow for camping causing potential problems for adjoining property owners, not to mention the addition of traffic and trash on our private roads.

Please deny camping applications for our area. Our area consists of Little Valley Rd., Simpson Rd., Omar Rd., and Blueberry Hill. We are 6 miles north of Fort Bragg off Highway 1.

Thank you,

Ellen Schlosser
