Dear Planning commission

Unless you are going to provide frequent (daily) monitoring by safety and law enforcement personnel of residential property campgrounds with or without owner in residence, , i strongly oppose any permitting of unregulated campsites outside the City limits.

This will solve no problems and only create more.

Why dont you provide facilities at the Fairgrounds, or build something similar on the Noyo Headlands, instead, where surveillance by Public Health and Safety authorities will be centralized and convenient? Otherwise you risk wildfires, lawsuits and worse.

Its a poorly conceived NON solution to complex problem with many variables.
