Dear Planning Commission,

I am strongly against allowing campgrounds in residential areas of Mendocino County.

I am a 49 year resident of Fort Bragg outside city limits. Allowing camping in our neighborhoods would increase noise, traffic, have a negative impact on wildlife, increase trash and littering, and decrease the value of my property. The residents of Inglenook north of Fort Bragg where I own a home, have been battling bear problems for years. Allowing campers will make the problem worse. In recent years we have experienced bear damage to our cars, garages, fruit trees and domestic animals.

I'm strongly oppose campgrounds and zoning changes that will allow it in residential Mendocino County.

Thank you,
Sarah Quentin
